1 offset funds otherwise due to each
2 district for a pro rata share of the total
3 disallowed costs based on the percentage
4 of applicable federal title IV-E claims
5 made by that district for the relevant
6 time period as compared to the total
7 applicable statewide title IV-E claims.
8 The amount of the offset against each
9 district will be adjusted, if necessary,
10 upon completion of the disallowance allo-
11 cation process. The final allocation of
12 the amount of any federal disallowance
13 resulting from a title IV-E secondary
14 eligibility review shall be allocated
15 among the districts so that each district
16 shall be responsible for the amount
17 attributable to each of the district's
18 children or cases that are determined by
19 the federal review to be unallowable. Each
20 district shall also be responsible for a
21 portion of the federal extrapolated disal-
22 lowance amount based on the relative error
23 rate for the district. The city of New
24 York's error rate will be based on the
25 federal sample and federal statistics. For
26 all social services districts other than
27 the city of New York, the error rate will
28 be based on a review conducted by the
29 district of a sample of children and/or
30 cases determined by the office of children
31 and family services and a re-review of a
32 sub-sample by the office of those children
33 and/or cases determined by the office. The
34 office of children and family services
35 will determine what is reasonable in
36 establishing the size of the sample and
37 sub-sample for each district. The office
38 of children and family services shall
39 notify each social services district of
40 the sample of children and/or cases from
41 the federal audit period that the social
42 services district must review. Any child
43 or case from the social services district
44 that was included in the federal sample
45 will automatically be included in the
46 social services district's review sample
47 and the determination made at the federal
48 review regarding that child or case will
49 govern for the purposes of the social
50 services district's review. The social
51 services district must complete and submit

1 the results of its review to the office of
2 children and family services within 60
3 days of receipt of the sample. The error
4 rate for the district will be based on the
5 findings of the district's review and the
6 office of children and family services'
7 re-review. If a social services district
8 does not complete its review within 60
9 days of receiving the sample from the
10 office of children and family services,
11 the office of children and family services
12 shall assign an error rate to the social
13 services district based on the relative
14 percentage of the district's applicable
15 title IV-E claims for the relevant period
16 as compared to applicable statewide title
17 IV-E claims for that period and other
18 circumstances that the office of children
19 and family services may consider in order
20 to allocate 100 percent of the federal
21 disallowance. The office of children and
22 family services shall apply each social
23 services district's error rate to the
24 total amount of the district's applicable
25 title IV-E claims including associated
26 administrative expenses. The resulting
27 dollar amounts for all of the social
28 services districts will be summed to
29 derive the total amount of title IV-E
30 claims deemed to be in error statewide. To
31 establish a disallowance percentage for
32 each social services district, the amount
33 of the district's title IV-E claims deemed
34 to be in error will be divided by the
35 amount of statewide title IV-E claims
36 deemed to be in error. The resulting
37 disallowance percentage for each district
38 will be applied to the entire title IV-E
39 extrapolated disallowance calculated by
40 the federal review to determine the amount
41 of the extrapolated disallowance for which
42 the district is responsible. Each district
43 will be credited for the amount already
44 disallowed for any individual children or
45 cases found to be in error during the
46 federal review. The exclusive appeal
47 rights for the review of the amount of the
48 federal disallowance assigned to each
49 social services district shall be pursuant
50 to article 78 of the civil practice law
51 and rules; provided, however, that in any

OFFICE OF CHILDREN AND FAMILY SERVICES

AID TO LOCALITIES - REAPPROPRIATIONS 2025-26

Each authorized agency operating a congregate care or foster boarding home program in New York state for which the office sets a maximum state aid rate pursuant to section 398-a of the social services law or section 4003 or 4405 of the education law shall submit, at the time and in a manner to be determined by the office, a written certification, attesting that the funds received for the continuation of the cost of living adjustment to the maximum state aid rate that became effective April 1, 2008 for that program will be or were used solely in accordance with the requirements of the cost of living adjustment established by the office.

Notwithstanding any inconsistent provision of law including, but not limited to, any chapter of the laws of 2024 which enacts a cost of living adjustment for the state fiscal year beginning on April 1, 2024, the commissioner shall continue to apply any cost of living adjustment increase in effect on March 31, 2024 for the entire rate year that began when such cost of living adjustment increase was in effect. Notwithstanding any inconsistent provision of law, the commissioner shall apply a 2.84 percent cost of living adjustment for the rate year that begins on July 1, 2024 for the purposes of establishing rates of payments, contracts, or any other form of reimbursement, provided that this shall not prevent the commissioner from applying additional trend or staff retention factors for this program.

Within the amounts appropriated herein, state reimbursement to each social services district for services identified herein that are otherwise reimbursable by the state from April 1, 2024 through March 31, 2025 shall be limited to a district allocation, hereinafter referred to as the district's block grant allocation. Notwithstanding any other provision of law, such block grant allocation shall be based, in part, on each district's claims for such costs, adjusted by the applicable cost allocation methodology and net of any retroactive payments for the 12 month period ending June 30, 2023 that are submitted on or before January 2, 2024 and, in part, on such other factors as determined by the office of children and family services and approved by the director of the budget. Any portion of a social services district's allocation from funds appropriated herein not claimed by such district during the state fiscal year may be used by such district for expenditures on preventive services provided pursuant to section 409-a of the social services law, independent living services and aftercare services provided pursuant to regulations of the department of family assistance, claimed by such district during the next state fiscal year up to the amount remaining from the district's foster care block grant allocation, provided however, that any claims for such services during the next state fiscal year in excess of such amount shall be subject to 62 percent state reimbursement exclusive of any federal funds made available for such purposes, in accordance with directives of the department of family assistance and subject to the approval of the director of the budget. Any claims submitted by a social services district for reimbursement for a particular state fiscal year for which the social services district does not receive state or federal

2 against that district's block grant apportionment for the next state
3 fiscal year.

4 The office of children and family services, with the approval of the
5 director of the budget, may reduce a district's block grant allo-
6 cation by the state share decrease related to federal retroactive
7 reimbursement for such foster care services identified herein. The
8 office, with the approval of the director of the budget, may reduce
9 a district's block grant allocation by the state share of disallow-
10 ances or sanctions taken against the district pursuant to the social
11 services law or federal law.

12 Notwithstanding any other provision of law, the state shall not be
13 responsible for reimbursing a social services district and a
14 district shall not seek state reimbursement for any portion of any
15 state disallowance or sanction taken against the social services
16 district, or any federal disallowance attributable to final federal
17 agency decisions or to settlement made, on or after July 1, 1995,
18 when such disallowance or sanction results from the failure of the
19 social services district to comply with federal or state require-
20 ments, including, but not limited to, failure to document eligibil-
21 ity for federal or state funds in the case record; provided, howev-
22 er, if the office determines that any federal disallowance for
23 services provided between January 1, 1999 and May 31, 1999 results
24 solely from the late enactment of the state legislation implementing
25 the federal adoption and safe families act, the state shall be sole-
26 ly responsible for the full amount of the disallowance or sanction;
27 provided, further, however, this provision shall be deemed to apply
28 both prospectively and retroactively regardless of whether such
29 sanctions or disallowances are for services provided or claims made
30 prior to or after April 1, 2024.

31 Notwithstanding any other provision of law, any federal disallowance
32 resulting from a federal title IV-E eligibility review or audit that
33 uses extrapolated statistic techniques shall be passed along by the
34 state to any and all social services districts that the office of
35 children and family services has determined have not complied with
36 the title IV-E eligibility requirements or have not taken the neces-
37 sary actions to ensure compliance with such requirements including,
38 but not limited to, failing to: assess and fully document all the
39 criteria and have readily available all the necessary documents to
40 establish and continue title IV-E eligibility for all title IV-E
41 eligible children within the required time frames; claim title IV-E
42 funding only for cases that meet all of the title IV-E eligibility
43 criteria; and fully implement the social services payment system on
44 or before April 1, 2005 for all direct and voluntary agency foster
45 care services.

46 Notwithstanding any law to the contrary, the office of children and
47 family services shall impose on social services districts any feder-
48 al disallowance issued against the state as a result of a federal
49 title IV-E secondary eligibility review regardless of the date the
50 children may have entered foster care, the date the eligibility or
51 payment errors occurred, or the filing date of any federal claims

1 for reimbursement; provided, however, that the state shall be
2 responsible for the disallowed costs and expenditures related to the
3 placement of children in a facility operated by the office of chil-
4 dren and family services, which shall be determined in the same
5 manner as the disallowed costs and expenditures for social services
6 districts other than the city of New York. In order to reimburse the
7 federal government for the full amount of any disallowance imposed
8 on the state by the federal administration for children and families
9 within the timeframes necessary to avoid any potential interest
10 payments on such amount, the office of children and family services
11 is authorized to immediately offset funds otherwise due to each
12 district for a pro rata share of the total disallowed costs based on
13 the percentage of applicable federal title IV-E claims made by that
14 district for the relevant time period as compared to the total
15 applicable statewide title IV-E claims. The amount of the offset
16 against each district will be adjusted, if necessary, upon
17 completion of the disallowance allocation process. The final allo-
18 cation of the amount of any federal disallowance resulting from a
19 title IV-E secondary eligibility review shall be allocated among the
20 districts so that each district shall be responsible for the amount
21 attributable to each of the district's children or cases that are
22 determined by the federal review to be unallowable. Each district
23 shall also be responsible for a portion of the federal extrapolated
24 disallowance amount based on the relative error rate for the
25 district. The city of New York's error rate will be based on the
26 federal sample and federal statistics. For all social services
27 districts other than the city of New York, the error rate will be
28 based on a review conducted by the district of a sample of children
29 and/or cases determined by the office of children and family
30 services and a re-review of a sub-sample by the office of those
31 children and/or cases determined by the office. The office of chil-
32 dren and family services will determine what is reasonable in estab-
33 lishing the size of the sample and sub-sample for each district. The
34 office of children and family services shall notify each social
35 services district of the sample of children and/or cases from the
36 federal audit period that the social services district must review.
37 Any child or case from the social services district that was
38 included in the federal sample will automatically be included in the
39 social services district's review sample and the determination made
40 at the federal review regarding that child or case will govern for
41 the purposes of the social services district's review. The social
42 services district must complete and submit the results of its review
43 to the office of children and family services within 60 days of
44 receipt of the sample. The error rate for the district will be based
45 on the findings of the district's review and the office of children
46 and family services' re-review. If a social services district does
47 not complete its review within 60 days of receiving the sample from
48 the office of children and family services, the office of children
49 and family services shall assign an error rate to the social
50 services district based on the relative percentage of the district's
51 applicable title IV-E claims for the relevant period as compared to

1 applicable statewide title IV-E claims for that period and other
2 circumstances that the office of children and family services may
3 consider in order to allocate 100 percent of the federal disallow-
4 ance. The office of children and family services shall apply each
5 social services district's error rate to the total amount of the
6 district's applicable title IV-E claims including associated admin-
7 istrative expenses. The resulting dollar amounts for all of the
8 social services districts will be summed to derive the total amount
9 of title IV-E claims deemed to be in error statewide. To establish a
10 disallowance percentage for each social services district, the
11 amount of the district's title IV-E claims deemed to be in error
12 will be divided by the amount of statewide title IV-E claims deemed
13 to be in error. The resulting disallowance percentage for each
14 district will be applied to the entire title IV-E extrapolated
15 disallowance calculated by the federal review to determine the
16 amount of the extrapolated disallowance for which the district is
17 responsible. Each district will be credited for the amount already
18 disallowed for any individual children or cases found to be in error
19 during the federal review. The exclusive appeal rights for the
20 review of the amount of the federal disallowance assigned to each
21 social services district shall be pursuant to article 78 of the
22 civil practice law and rules; provided, however, that in any such
23 action all of the social services districts shall be joined as
24 necessary parties and the venue of any such action shall be in Rens-
25 selaer county. Any social services district that fails to complete
26 its sample review in the required time frames shall have no right to
27 appeal and shall not be a necessary party to any action brought by
28 another social services district.

Funds appropriated herein shall be made available for eligible services provided consistent with plans that cover juvenile delinquents in non-secure and limited secure settings submitted by a city with a population in excess of one million and approved by the office of children and family services and the director of the budget. The office of children and family services shall not reimburse any claims for expenditures for residential services unless they are submitted in final within twenty two months of the calendar quarter in which the claimed service or services were delivered and shall not reimburse any claims that were or will be transferred from this appropriation to the foster care block grant appropriation or the child welfare services appropriation (13927)

Within the amounts appropriated herein, state reimbursement shall be limited to the amount of such municipality's distribution. By chapter 53, section 1, of the laws of 2021:

For services and expenses of a program to provide shelter supplements at local option to individuals and families regardless of immigration status who are experiencing homelessness or are facing an imminent loss of housing, including individuals and families without children. Such supplements shall be provided to households who earn no more than thirty percent of area median income at the time of application, provided however, that if sufficient demand does not exist for households who earn no more than thirty percent of area median income, supplements may be provided for households earning up to fifty percent of area median income.

Such supplements shall be provided in accordance with social services district plans, provided however that no plan shall require supplements to be below 85 percent of fair market rent, but may allow for supplements above 85 percent of fair market rent at local cost; provided further however that at least fifty percent of the supplements shall be allocated for households who are currently in shelter or experiencing homelessness, unless sufficient demand does not exist for such households within the district. A social services district plan may provide for the administration of portions of this program to be delegated to another public agency or to a contractor or non-profit organization.

Funds appropriated herein shall be used to reimburse up to 100 percent of the additional rental costs determined based on limiting such household's earned and/or unearned income contribution to 30 percent. Each supplement shall be provided until 30 percent of the household's earned and/or unearned income reaches the total monthly rent.

Supplements provided herein shall not be part of the standard of need pursuant to section 131-a of the social services law. Notwithstanding any provision of law to the contrary such supplements shall not be subject to recoupment or repayment. Nothing in this language shall prohibit undocumented individuals and families from receiving this assistance. Plans shall be subject to approval by the office of temporary and disability assistance and the director of the budget.

Funds shall be allocated to each social services district pursuant to a methodology developed by the office of temporary and disability assistance and based on each district's relative share of public assistance households as of March 31, 2021 or any other factors determined relevant by the office.

Such appropriation shall be available for reimbursement of eligible claims incurred on or after September 30, 2021 (53009)

3 health, shall develop a medicaid savings
4 allocation adjustment to limit such spend-
5 ing to the aggregate limit specified here-
6 in for such period.

7 Such medicaid savings allocation adjustment
8 shall be designed, to reduce the expendi-
9 tures authorized by the appropriations
10 herein in compliance with the following
11 guidelines: (1) reductions shall be made
12 in compliance with applicable federal law,
13 including the provisions of the Patient
14 Protection and Affordable Care Act, Public
15 Law No. 111-148, and the Health Care and
16 Education Reconciliation Act of 2010,
17 Public Law No. 111-152 (collectively
18 "Affordable Care Act") and any subsequent
19 amendments thereto or regulations promul-
20 gated thereunder; (2) reductions shall be
21 made in a manner that complies with the
22 state medicaid plan approved by the feder-
23 al centers for medicare and medicaid
24 services, provided, however, that the
25 commissioner of health is authorized to
26 submit any state plan amendment or seek
27 other federal approval, including waiver
28 authority, to implement the provisions of
29 the medicaid savings allocation adjustment
30 that meets the other criteria set forth
31 herein; (3) reductions shall be made in a
32 manner that maximizes federal financial
33 participation, to the extent practicable,
34 including any federal financial partic-
35 ipation that is available or is reasonably
36 expected to become available, in the
37 discretion of the commissioner, under the
38 Affordable Care Act; (4) reductions shall
39 be made uniformly among categories of
40 services and geographic regions of the
41 state, to the extent practicable, and
42 shall be made uniformly within a category
43 of service, to the extent practicable,
44 except where the commissioner determines
45 that there are sufficient grounds for
46 non-uniformity, including but not limited
47 to: the extent to which specific catego-
48 ries of services contributed to department
49 of health medicaid state funds spending in
50 excess of the limits specified herein; the
51 need to maintain safety net services in
52 underserved communities; or the potential

benefits of pursuing innovative payment models contemplated by the Affordable Care Act, in which case such grounds shall be set forth in the medicaid savings allocation adjustment; and (5) reductions shall be made in a manner that does not unnecessarily create administrative burdens to medicaid applicants and recipients or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

(a) The commissioner shall post the medicaid savings allocation adjustment on the department of health's website and shall provide written copies of such adjustment to the chairs of the senate finance and the assembly ways and means committees at least 30 days before the date on which implementation is expected to begin.

(b) The commissioner may revise the medicaid savings allocation adjustment subsequent to the provisions of notice and prior to implementation but needs to provide a new notice pursuant to subparagraph (i) of this paragraph only if the commissioner determines, in his or her discretion, that such revisions materially alter the adjustment.

Notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, the commissioner need not seek the input described in paragraph (a) of this subdivision or provide notice pursuant to paragraph (b) of this subdivision if, in the discretion of the commissioner, expedited development and implementation of a medicaid savings allocation adjustment is necessary due to a public health emergency.

For purposes of this section, a public health emergency is defined as: (i) a

2 significantly increases the immediate need
3 for health care personnel in an area of
4 the state; (ii) an event or condition that
5 creates a widespread risk of exposure to a
6 serious communicable disease, or the
7 potential for such widespread risk of
8 exposure; or (iii) any other event or
9 condition determined by the commissioner
10 to constitute an imminent threat to public
11 health.

12 Nothing in this paragraph shall be deemed to
13 prevent all or part of such medicaid
14 savings allocation adjustment from taking
15 effect retroactively to the extent permit-
16 ted by the federal centers for medicare
17 and medicaid services.

18 In accordance with the medicaid savings

20 the department of health shall reduce

23 overspending through, actions including,

32 necessary federal approvals, including,
33 but not limited to waivers, waiver amend-

37 provision of law, rule or regulation to
38 the contrary, including but not limited to

40 health law, section 18 of chapter 2 of the
41 laws of 1988, and 18 NYCRR 505.14(h).

42 The department of health shall prepare a
43 quarterly report that sets forth: (a)
44 known and projected department of health
45 medicaid expenditures as described in
46 subdivision (1) of this section, and
47 factors that could result in medicaid

7 dited department of health state funds
8 medicaid expenditures as a result of a
9 natural or other type of disaster, includ-
10 ing a governmental declaration of emergen-
11 cy.

12 The director of the budget, in consultation
13 with the commissioner of health, shall
14 assess on a quarterly basis known and
15 projected medicaid expenditures by catego-
16 ry of service and by geographic region, as
17 defined by the commissioner, incurred both
18 prior to and subsequent to such assessment
19 for each such period, and if the director
20 of the budget determines that such expend-
21 itures are expected to cause medicaid
22 spending for such period to exceed the
23 aggregate limit specified herein for such
24 period, the state medicaid director, in
25 consultation with the director of the
26 budget and the commissioner of health,
27 shall develop a medicaid savings allo-
28 cation adjustment to limit such spending
29 to the aggregate limit specified herein
30 for such period.

31 Such medicaid savings allocation adjustment
32 shall be designed, to reduce the expendi-
33 tures authorized by the appropriations
34 herein in compliance with the following
35 guidelines: (1) reductions shall be made
36 in compliance with applicable federal law,
37 including the provisions of the Patient
38 Protection and Affordable Care Act, Public
39 Law No. 111-148, and the Health Care and
40 Education Reconciliation Act of 2010,

42 "Affordable Care Act") and any subsequent
43 amendments thereto or regulations promul-
44 gated thereunder; (2) reductions shall be
45 made in a manner that complies with the
46 state medicaid plan approved by the feder-
47 al centers for medicare and medicaid
48 services, provided, however, that the
49 commissioner of health is authorized to
50 submit any state plan amendment or seek
51 other federal approval, including waiver
52 authority, to implement the provisions of

DEPARTMENT OF HEALTH

AID TO LOCALITIES 2025-26

1 the medicaid savings allocation adjustment
2 that meets the other criteria set forth
3 herein; (3) reductions shall be made in a
4 manner that maximizes federal financial
5 participation, to the extent practicable,
6 including any federal financial partic-
7 ipation that is available or is reasonably
8 expected to become available, in the
9 discretion of the commissioner, under the
10 Affordable Care Act; (4) reductions shall
11 be made uniformly among categories of
12 services and geographic regions of the
13 state, to the extent practicable, and
14 shall be made uniformly within a category
15 of service, to the extent practicable,
16 except where the commissioner determines
17 that there are sufficient grounds for
18 non-uniformity, including but not limited
19 to: the extent to which specific catego-
20 ries of services contributed to department
21 of health medicaid state funds spending in
22 excess of the limits specified herein; the
23 need to maintain safety net services in
24 underserved communities; or the potential
25 benefits of pursuing innovative payment
26 models contemplated by the Affordable Care
27 Act, in which case such grounds shall be
28 set forth in the medicaid savings allo-
29 cation adjustment; and (5) reductions
30 shall be made in a manner that does not
31 unnecessarily create administrative
32 burdens to medicaid applicants and recipi-
33 ents or providers.

34 The commissioner shall seek the input of the
35 legislature, as well as organizations
36 representing health care providers,
37 consumers, businesses, workers, health
38 insurers, and others with relevant exper-
39 tise, in developing such medicaid savings
40 allocation adjustment, to the extent that
41 all or part of such adjustment, in the
42 discretion of the commissioner, is likely
43 to have a material impact on the overall
44 medicaid program, particular categories of
45 service or particular geographic regions
46 of the state.

47 (a) The commissioner shall post the medicaid
48 savings allocation adjustment on the
49 department of health's website and shall
50 provide written copies of such adjustment
51 to the chairs of the senate finance and
52 the assembly ways and means committees at

1 least 30 days before the date on which
2 implementation is expected to begin.

3 (b) The commissioner may revise the medicaid
4 savings allocation adjustment subsequent
5 to the provisions of notice and prior to
6 implementation but needs to provide a new
7 notice pursuant to subparagraph (i) of
8 this paragraph only if the commissioner
9 determines, in his or her discretion, that
10 such revisions materially alter the
11 adjustment.

12 Notwithstanding the provisions of paragraphs
13 (a) and (b) of this subdivision, the
14 commissioner need not seek the input
15 described in paragraph (a) of this subdi-
16 vision or provide notice pursuant to para-
17 graph (b) of this subdivision if, in the
18 discretion of the commissioner, expedited
19 development and implementation of a medi-
20 caid savings allocation adjustment is
21 necessary due to a public health emergen-
22 cy.

23 For purposes of this section, a public
24 health emergency is defined as: (i) a
25 disaster, natural or otherwise, that
26 significantly increases the immediate need
27 for health care personnel in an area of
28 the state; (ii) an event or condition that
29 creates a widespread risk of exposure to a
30 serious communicable disease, or the
31 potential for such widespread risk of
32 exposure; or (iii) any other event or
33 condition determined by the commissioner
34 to constitute an imminent threat to public
35 health.

36 Nothing in this paragraph shall be deemed to
37 prevent all or part of such medicaid
38 savings allocation adjustment from taking
39 effect retroactively to the extent permit-
40 ted by the federal centers for medicare
41 and medicaid services.

42 In accordance with the medicaid savings
43 allocation adjustment, the commissioner of
44 the department of health shall reduce
45 department of health state funds medicaid
46 spending by the amount of the projected
47 overspending through, actions including,

10 regulation to the contrary, including but
11 not limited to sections 2807 and 3614 of
12 the public health law, section 18 of chap-
13 ter 2 of the laws of 1988, and 18 NYCRR
14 505.14(h).

15 The department of health shall prepare a
16 quarterly report that sets forth: (a)
17 known and projected department of health
18 medicaid expenditures as described in
19 subdivision (1) of this section, and
20 factors that could result in medicaid
21 disbursements for the relevant state
22 fiscal year to exceed the projected
23 department of health state funds disburse-
24 ments in the enacted budget financial plan
25 pursuant to subdivision 3 of section 23 of
26 the state finance law, including spending
27 increases or decreases due to: enrollment
28 fluctuations, rate changes, utilization
29 changes, MRT investments, and shift of
30 beneficiaries to managed care; and vari-
31 ations in offline medicaid payments; and
32 (b) the actions taken to implement any
33 medicaid savings allocation adjustment
34 implemented pursuant to subdivision (4) of
35 this section, including information
36 concerning the impact of such actions on
37 each category of service and each
38 geographic region of the state. Each such
39 quarterly report shall be provided to the
40 chairs of the senate finance and the
41 assembly ways and means committees and
42 shall be posted on the department of
43 health's website in a timely manner.

6 account for increased or expedited depart-

8 expenditures as a result of a natural or
9 other type of disaster, including a
10 governmental declaration of emergency.

11 The director of the budget, in consultation
12 with the commissioner of health, shall
13 assess on a quarterly basis known and
14 projected medicaid expenditures by catego-
15 ry of service and by geographic region, as
16 determined by the commissioner of health,
17 incurred both prior to and subsequent to
18 such assessment for each such period, and
19 if the director of the budget determines
20 that such expenditures are expected to
21 cause medicaid spending for such period to
22 exceed the aggregate limit specified here-
23 in for such period, the state medicaid
24 director, in consultation with the direc-
25 tor of the budget and the commissioner of

3 manner that maximizes federal financial
4 participation, to the extent practicable,
5 including any federal financial partic-
6 ipation that is available or is reasonably
7 expected to become available, in the
8 discretion of the commissioner, under the
9 Affordable Care Act; (4) reductions shall
10 be made uniformly among categories of
11 services and geographic regions of the
12 state, to the extent practicable, and
13 shall be made uniformly within a category
14 of service, to the extent practicable,
15 except where the commissioner determines
16 that there are sufficient grounds for
17 non-uniformity, including but not limited
18 to: the extent to which specific catego-
19 ries of services contributed to department
20 of health medicaid state funds spending in
21 excess of the limits specified herein; the
22 need to maintain safety net services in
23 underserved communities; or the potential
24 benefits of pursuing innovative payment
25 models contemplated by the Affordable Care
26 Act, in which case such grounds shall be
27 set forth in the medicaid savings allo-
28 cation adjustment; and (5) reductions
29 shall be made in a manner that does not
30 unnecessarily create administrative
31 burdens to medicaid applicants and recipi-
32 ents or providers.

33 The commissioner shall seek the input of the
34 legislature, as well as organizations
35 representing health care providers,
36 consumers, businesses, workers, health
37 insurers, and others with relevant exper-
38 tise, in developing such medicaid savings

40 all or part of such adjustment, in the
41 discretion of the commissioner, is likely
42 to have a material impact on the overall
43 medicaid program, particular categories of
44 service or particular geographic regions
45 of the state.

46 (a) The commissioner shall post the medicaid
47 savings allocation adjustment on the
48 department of health's website and shall

2 implementation is expected to begin.

3 (b) The commissioner may revise the medicaid
4 savings allocation adjustment subsequent
5 to the provisions of notice and prior to
6 implementation but needs to provide a new
7 notice pursuant to subparagraph (i) of
8 this paragraph only if the commissioner
9 determines, in his or her discretion, that
10 such revisions materially alter the plan.

11 Notwithstanding the provisions of paragraphs
12 (a) and (b) of this subdivision, the
13 commissioner need not seek the input
14 described in paragraph (a) of this subdi-
15 vision or provide notice pursuant to para-
16 graph (b) of this subdivision if, in the
17 discretion of the commissioner, expedited
18 development and implementation of a medi-
19 caid savings allocation adjustment is
20 necessary due to a public health emergen-
21 cy.

22 For purposes of this section, a public
23 health emergency is defined as: (i) a
24 disaster, natural or otherwise, that
25 significantly increases the immediate need
26 for health care personnel in an area of
27 the state; (ii) an event or condition that
28 creates a widespread risk of exposure to a
29 serious communicable disease, or the
30 potential for such widespread risk of
31 exposure; or (iii) any other event or
32 condition determined by the commissioner
33 to constitute an imminent threat to public
34 health.

35 Nothing in this paragraph shall be deemed to
36 prevent all or part of such medicaid
37 savings allocation adjustment from taking
38 effect retroactively to the extent permit-
39 ted by the federal centers for medicare
40 and medicaid services.

41 In accordance with the medicaid savings
42 allocation adjustment, the commissioner of
43 the department of health shall reduce

16 medicaid expenditures as described in
17 subdivision (1) of this section, and
18 factors that could result in medicaid

AID TO LOCALITIES - REAPPROPRIATIONS 2025-26

1 The appropriation made by chapter 53, section 1, of the laws of 2024, is
2 hereby amended and reappropriated to read:

3 For reimbursement of local administrative expenses for medical assist-
4 ance programs and for state administration of medical assistance
5 programs, notwithstanding section 153 of the social services law, to
6 include the performance of eligibility and enrollment determinations
7 by the state or third-party entities designated by the state to
8 perform such services.

9 Notwithstanding any provision of law to the contrary, subject to the
10 approval of the director of budget, up to \$23,000,000 of the amount
11 appropriated herein shall be available for the purpose of providing
12 payments to local social services districts for medical assistance
13 administration claims that exceed an administrative ceiling estab-
14 lished by the commissioner of health.

15 Notwithstanding any inconsistent provision of law and subject to the
16 approval of the director of budget, moneys hereby appropriated may
17 be increased or decreased by transfer or interchange between these
18 appropriated amounts and appropriations of the medical assistance
19 administration program, the medical assistance program, and the
20 office of health insurance programs. Funding authority from this
21 account used for state administration of the medical assistance
22 program may be transferred to state operations appropriations within
23 the aforementioned programs at amounts agreed upon by the commis-
24 sioner of health, and the New York state division of the budget.

25 Notwithstanding section 40 of the state finance law or any provision
26 of law to the contrary, subject to federal approval, department of
27 health state funds medicaid spending, excluding payments for medical
28 services provided at state facilities operated by the office of
29 mental health, the office for people with developmental disabilities
30 and the office of addiction services and supports and further
31 excluding any payments which are not appropriated within the depart-
32 ment of health, in the aggregate, for the period April 1, 2024
33 through [March 31, 2025] September 15 2025, shall not exceed
34 [\$31,634,010,000] \$33,731,725,000 except as provided below provided,
35 however, such aggregate limits may be adjusted by the director of
36 the budget to account for any changes in the New York state federal
37 medical assistance percentage amount established pursuant to the
38 federal social security act, increases in provider revenues,
39 reductions in local social services district payments for medical
40 assistance administration, minimum wage increases, and beginning
41 April 1, 2012 the operational costs of the New York state medical
42 indemnity fund, pursuant to chapter 59 of the laws of 2011, and
43 state costs or savings from the essential plan program. Such projec-
44 tions may be adjusted by the director of the budget to account for
45 increased or expedited department of health state funds medicaid
46 expenditures as a result of a natural or other type of disaster,
47 including a governmental declaration of emergency.

48 The director of the budget, in consultation with the commissioner of
49 health, shall assess on a quarterly basis known and projected medi-
50 caid expenditures by category of service and by geographic region,
51 as determined by the commissioner of health, incurred both prior to
52 and subsequent to such assessment for each such period, and if the

DEPARTMENT OF HEALTH

AID TO LOCALITIES - REAPPROPRIATIONS 2025-26

1 director of the budget determines that such expenditures are
2 expected to cause medicaid spending for such period to exceed the
3 aggregate limit specified herein for such period, the state medicaid
4 director, in consultation with the director of the budget and the
5 commissioner of health, shall develop a medicaid savings allocation
6 adjustment to limit such spending to the aggregate limit specified
7 herein for such period.

8 Such medicaid savings allocation adjustment shall be designed, to
9 reduce the expenditures authorized by the appropriations herein in
10 compliance with the following guidelines: (1) reductions shall be
11 made in compliance with applicable federal law, including the
12 provisions of the Patient Protection and Affordable Care Act, Public
13 Law No. 111-148, and the Health Care and Education Reconciliation
14 Act of 2010, Public Law No. 111-152 (collectively "Affordable Care
15 Act") and any subsequent amendments thereto or regulations promul-
16 gated thereunder; (2) reductions shall be made in a manner that
17 complies with the state medicaid plan approved by the federal
18 centers for medicare and medicaid services, provided, however, that
19 the commissioner of health is authorized to submit any state plan
20 amendment or seek other federal approval, including waiver authori-
21 ty, to implement the provisions of the medicaid savings allocation
22 adjustment that meets the other criteria set forth herein; (3)
23 reductions shall be made in a manner that maximizes federal finan-
24 cial participation, to the extent practicable, including any federal
25 financial participation that is available or is reasonably expected
26 to become available, in the discretion of the commissioner, under
27 the Affordable Care Act; (4) reductions shall be made uniformly
28 among categories of services and geographic regions of the state, to
29 the extent practicable, and shall be made uniformly within a catego-
30 ry of service, to the extent practicable, except where the commis-
31 sioner determines that there are sufficient grounds for non-uniform-
32 ity, including but not limited to: the extent to which specific
33 categories of services contributed to department of health medicaid
34 state funds spending in excess of the limits specified herein; the
35 need to maintain safety net services in underserved communities; or
36 the potential benefits of pursuing innovative payment models contem-
37 plated by the Affordable Care Act, in which case such grounds shall
38 be set forth in the medicaid savings allocation adjustment; and (5)
39 reductions shall be made in a manner that does not unnecessarily
40 create administrative burdens to medicaid applicants and recipients
41 or providers.

42 The commissioner shall seek the input of the legislature, as well as
43 organizations representing health care providers, consumers, busi-
44 nesses, workers, health insurers, and others with relevant exper-
45 tise, in developing such medicaid savings allocation adjustment, to
46 the extent that all or part of such adjustment, in the discretion of
47 the commissioner, is likely to have a material impact on the overall
48 medicaid program, particular categories of service or particular
49 geographic regions of the state.

50 (a) The commissioner shall post the medicaid savings allocation
51 adjustment on the department of health's website and shall provide
52 written copies of such adjustment to the chairs of the senate

1 finance and the assembly ways and means committees at least 30 days
2 before the date on which implementation is expected to begin.

3 (b) The commissioner may revise the medicaid savings allocation
4 adjustment subsequent to the provisions of notice and prior to
5 implementation but needs to provide a new notice pursuant to subpar-
6 agraph (i) of this paragraph only if the commissioner determines, in
7 his or her discretion, that such revisions materially alter the
8 adjustment.

9 Notwithstanding the provisions of paragraphs (a) and (b) of this
10 subdivision, the commissioner need not seek the input described in
11 paragraph (a) of this subdivision or provide notice pursuant to
12 paragraph (b) of this subdivision if, in the discretion of the
13 commissioner, expedited development and implementation of a medicaid
14 savings allocation adjustment is necessary due to a public health
15 emergency.

16 For purposes of this section, a public health emergency is defined as:

17 (i) a disaster, natural or otherwise, that significantly increases
18 the immediate need for health care personnel in an area of the
19 state; (ii) an event or condition that creates a widespread risk of
20 exposure to a serious communicable disease, or the potential for
21 such widespread risk of exposure; or (iii) any other event or condi-
22 tion determined by the commissioner to constitute an imminent threat
23 to public health.

24 Nothing in this paragraph shall be deemed to prevent all or part of
25 such medicaid savings allocation adjustment from taking effect
26 retroactively to the extent permitted by the federal centers for
27 medicare and medicaid services.

28 In accordance with the medicaid savings allocation adjustment, the
29 commissioner of the department of health shall reduce department of
30 health state funds medicaid spending by the amount of the projected
31 overspending through, actions including, but not limited to modify-
32 ing or suspending reimbursement methods, including but not limited
33 to all fees, premium levels and rates of payment, notwithstanding
34 any provision of law that sets a specific amount or methodology for
35 any such payments or rates of payment; modifying medicaid program
36 benefits; seeking all necessary federal approvals, including, but
37 not limited to waivers, waiver amendments; and suspending time
38 frames for notice, approval or certification of rate requirements,
39 notwithstanding any provision of law, rule or regulation to the
40 contrary, including but not limited to sections 2807 and 3614 of the
41 public health law, section 18 of chapter 2 of the laws of 1988, and
42 18 NYCRR 505.14(h).

43 The department of health shall prepare a quarterly report that sets
44 forth: (a) known and projected department of health medicaid expend-
45 itures as described in subdivision (1) of this section, and factors
46 that could result in medicaid disbursements for the relevant state
47 fiscal year to exceed the projected department of health state funds
48 disbursements in the enacted budget financial plan pursuant to
49 subdivision 3 of section 23 of the state finance law, including
50 spending increases or decreases due to: enrollment fluctuations,
51 rate changes, utilization changes, MRT investments, and shift of
52 beneficiaries to managed care; and variations in offline medicaid

13 Notwithstanding section 40 of the state finance law or any provision

22 [\$31,634,010,000] \$31,731,725,000 except as provided below provided,
23 however, such aggregate limits may be adjusted by the director of
24 the budget to account for any changes in the New York state federal
25 medical assistance percentage amount established pursuant to the
26 federal social security act, increases in provider revenues,
27 reductions in local social services district payments for medical
28 assistance administration, minimum wage increases, and beginning
29 April 1, 2012 the operational costs of the New York state medical
30 indemnity fund, pursuant to chapter 59 of the laws of 2011, and

33 increased or expedited department of health state funds medicaid
34 expenditures as a result of a natural or other type of disaster,
35 including a governmental declaration of emergency.

36 The director of the budget, in consultation with the commissioner of
37 health, shall assess on a quarterly basis known and projected medi-
38 caid expenditures by category of service and by geographic region,
39 as defined by the commissioner, incurred both prior to and subse-
40 quent to such assessment for each such period, and if the director
41 of the budget determines that such expenditures are expected to
42 cause medicaid spending for such period to exceed the aggregate
43 limit specified herein for such period, the state medicaid director,
44 in consultation with the director of the budget and the commissioner
45 of health, shall develop a medicaid savings allocation adjustment to
46 limit such spending to the aggregate limit specified herein for such
47 period.

DEPARTMENT OF HEALTH

AID TO LOCALITIES - REAPPROPRIATIONS 2025-26

1 compliance with the following guidelines: (1) reductions shall be
2 made in compliance with applicable federal law, including the
3 provisions of the Patient Protection and Affordable Care Act, Public
4 Law No. 111-148, and the Health Care and Education Reconciliation
5 Act of 2010, Public Law No. 111-152 (collectively "Affordable Care
6 Act") and any subsequent amendments thereto or regulations promul-
7 gated thereunder; (2) reductions shall be made in a manner that
8 complies with the state medicaid plan approved by the federal
9 centers for medicare and medicaid services, provided, however, that
10 the commissioner of health is authorized to submit any state plan
11 amendment or seek other federal approval, including waiver authori-
12 ty, to implement the provisions of the medicaid savings allocation
13 adjustment that meets the other criteria set forth herein; (3)
14 reductions shall be made in a manner that maximizes federal finan-
15 cial participation, to the extent practicable, including any federal
16 financial participation that is available or is reasonably expected
17 to become available, in the discretion of the commissioner, under
18 the Affordable Care Act; (4) reductions shall be made uniformly
19 among categories of services and geographic regions of the state, to
20 the extent practicable, and shall be made uniformly within a cate-
21 gory of service, to the extent practicable, except where the commis-
22 sioner determines that there are sufficient grounds for non-uniform-
23 ity, including but not limited to: the extent to which specific
24 categories of services contributed to department of health medicaid
25 state funds spending in excess of the limits specified herein; the
26 need to maintain safety net services in underserved communities; or
27 the potential benefits of pursuing innovative payment models contem-
28 plated by the Affordable Care Act, in which case such grounds shall
29 be set forth in the medicaid savings allocation adjustment; and (5)
30 reductions shall be made in a manner that does not unnecessarily
31 create administrative burdens to medicaid applicants and recipients
32 or providers.

33 The commissioner shall seek the input of the legislature, as well as
34 organizations representing health care providers, consumers, busi-
35 nesses, workers, health insurers, and others with relevant exper-
36 tise, in developing such medicaid savings allocation adjustment, to
37 the extent that all or part of such adjustment, in the discretion of
38 the commissioner, is likely to have a material impact on the overall
39 medicaid program, particular categories of service or particular
40 geographic regions of the state.

41 (a) The commissioner shall post the medicaid savings allocation
42 adjustment on the department of health's website and shall provide
43 written copies of such adjustment to the chairs of the senate
44 finance and the assembly ways and means committees at least 30 days
45 before the date on which implementation is expected to begin.

46 (b) The commissioner may revise the medicaid savings allocation
47 adjustment subsequent to the provisions of notice and prior to
48 implementation but needs to provide a new notice pursuant to subpar-
49 agraph (i) of this paragraph only if the commissioner determines, in
50 his or her discretion, that such revisions materially alter the
51 adjustment.

DEPARTMENT OF HEALTH

AID TO LOCALITIES - REAPPROPRIATIONS 2025-26

1 Notwithstanding the provisions of paragraphs (a) and (b) of this
2 subdivision, the commissioner need not seek the input described in
3 paragraph (a) of this subdivision or provide notice pursuant to
4 paragraph (b) of this subdivision if, in the discretion of the
5 commissioner, expedited development and implementation of a medicaid
6 savings allocation adjustment is necessary due to a public health

12 exposure to a serious communicable disease, or the potential for
13 such widespread risk of exposure; or (iii) any other event or condi-
14 tion determined by the commissioner to constitute an imminent threat
15 to public health.

16 Nothing in this paragraph shall be deemed to prevent all or part of
17 such medicaid savings allocation adjustment from taking effect
18 retroactively to the extent permitted by the federal centers for
19 medicare and medicaid services.

20 In accordance with the medicaid savings allocation adjustment, the
21 commissioner of the department of health shall reduce department of
22 health state funds medicaid spending by the amount of the projected
23 overspending through, actions including, but not limited to modify-
24 ing or suspending reimbursement methods, including but not limited
25 to all fees, premium levels and rates of payment, notwithstanding
26 any provision of law that sets a specific amount or methodology for
27 any such payments or rates of payment; modifying or discontinuing
28 medicaid program benefits; seeking all necessary federal approvals,
29 including, but not limited to waivers, waiver amendments; and
30 suspending time frames for notice, approval or certification of rate
31 requirements, notwithstanding any provision of law, rule or regu-
32 lation to the contrary, including but not limited to sections 2807
33 and 3614 of the public health law, section 18 of chapter 2 of the
34 laws of 1988, and 18 NYCRR 505.14(h).

35 The department of health shall prepare a quarterly report that sets
36 forth: (a) known and projected department of health medicaid expend-
37 itures as described in subdivision (1) of this section, and factors
38 that could result in medicaid disbursements for the relevant state
39 fiscal year to exceed the projected department of health state funds
40 disbursements in the enacted budget financial plan pursuant to
41 subdivision 3 of section 23 of the state finance law, including
42 spending increases or decreases due to: enrollment fluctuations,
43 rate changes, utilization changes, MRT investments, and shift of
44 beneficiaries to managed care; and variations in offline medicaid
45 payments; and (b) the actions taken to implement any medicaid
46 savings allocation adjustment implemented pursuant to subdivision
47 (4) of this section, including information concerning the impact of
48 such actions on each category of service and each geographic region
49 of the state. Each such quarterly report shall be provided to the
50 chairs of the senate finance and the assembly ways and means commit-
51 tees and shall be posted on the department of health's website in a
52 timely manner.

Notwithstanding section 40 of the state finance law or any provision

[\$31,634,010,000] \$31,731,725,000 except as provided below provided,
however, such aggregate limits may be adjusted by the director of
the budget to account for any changes in the New York state federal
medical assistance percentage amount established pursuant to the

AID TO LOCALITIES - REAPPROPRIATIONS 2025-26

1 federal social security act, increases in provider revenues,
2 reductions in local social services district payments for medical
3 assistance administration, minimum wage increases and beginning
4 April 1, 2012 the operational costs of the New York state medical
5 indemnity fund, pursuant to chapter 59 of the laws of 2011, and
6 state costs or savings from the essential plan program. Such projec-
7 tions may be adjusted by the director of the budget to account for
8 increased or expedited department of health state funds medicaid
9 expenditures as a result of a natural or other type of disaster,
10 including a governmental declaration of emergency.

11 The director of the budget, in consultation with the commissioner of
12 health, shall assess on a quarterly basis known and projected medi-
13 caid expenditures by category of service and by geographic region,
14 as determined by the commissioner of health, incurred both prior to
15 and subsequent to such assessment for each such period, and if the
16 director of the budget determines that such expenditures are
17 expected to cause medicaid spending for such period to exceed the
18 aggregate limit specified herein for such period, the state medicaid
19 director, in consultation with the director of the budget and the
20 commissioner of health, shall develop a medicaid savings allocation
21 adjustment to limit such spending to the aggregate limit specified
22 herein for such period.

23 Such medicaid savings allocation adjustment shall be designed, to
24 reduce the expenditures authorized by the appropriations herein in
25 compliance with the following guidelines: (1) reductions shall be
26 made in compliance with applicable federal law, including the
27 provisions of the Patient Protection and Affordable Care Act, Public
28 Law No. 111-148, and the Health Care and Education Reconciliation
29 Act of 2010, Public Law No. 111-152 (collectively "Affordable Care
30 Act") and any subsequent amendments thereto or regulations promul-
31 gated thereunder; (2) reductions shall be made in a manner that
32 complies with the state medicaid plan approved by the federal
33 centers for medicare and medicaid services, provided, however, that
34 the commissioner of health is authorized to submit any state plan
35 amendment or seek other federal approval, including waiver authori-
36 ty, to implement the provisions of the medicaid savings allocation
37 adjustment that meets the other criteria set forth herein; (3)
38 reductions shall be made in a manner that maximizes federal finan-
39 cial participation, to the extent practicable, including any federal
40 financial participation that is available or is reasonably expected
41 to become available, in the discretion of the commissioner, under
42 the Affordable Care Act; (4) reductions shall be made uniformly
43 among categories of services and geographic regions of the state, to
44 the extent practicable, and shall be made uniformly within a catego-
45 ry of service, to the extent practicable, except where the commis-
46 sioner determines that there are sufficient grounds for non-uniform-
47 ity, including but not limited to: the extent to which specific
48 categories of services contributed to department of health medicaid
49 state funds spending in excess of the limits specified herein; the
50 need to maintain safety net services in underserved communities; or
51 the potential benefits of pursuing innovative payment models contem-
52 plated by the Affordable Care Act, in which case such grounds shall

1 be set forth in the medicaid savings allocation adjustment; and (5)
2 reductions shall be made in a manner that does not unnecessarily
3 create administrative burdens to medicaid applicants and recipients
4 or providers.

5 The commissioner shall seek the input of the legislature, as well as
6 organizations representing health care providers, consumers, busi-
7 nesses, workers, health insurers, and others with relevant exper-
8 tise, in developing such medicaid savings allocation adjustment, to
9 the extent that all or part of such adjustment, in the discretion of
10 the commissioner, is likely to have a material impact on the overall
11 medicaid program, particular categories of service or particular
12 geographic regions of the state.

13 (a) The commissioner shall post the medicaid savings allocation
14 adjustment on the department of health's website and shall provide
15 written copies of such plan to the chairs of the senate finance and
16 the assembly ways and means committees at least 30 days before the
17 date on which implementation is expected to begin.

18 (b) The commissioner may revise the medicaid savings allocation
19 adjustment subsequent to the provisions of notice and prior to
20 implementation but needs to provide a new notice pursuant to subpar-
21 agraph (i) of this paragraph only if the commissioner determines, in
22 his or her discretion, that such revisions materially alter the
23 plan.

24 Notwithstanding the provisions of paragraphs (a) and (b) of this
25 subdivision, the commissioner need not seek the input described in
26 paragraph (a) of this subdivision or provide notice pursuant to
27 paragraph (b) of this subdivision if, in the discretion of the
28 commissioner, expedited development and implementation of a medicaid
29 savings allocation adjustment is necessary due to a public health
30 emergency.

31 For purposes of this section, a public health emergency is defined as:

32 (i) a disaster, natural or otherwise, that significantly increases
33 the immediate need for health care personnel in an area of the
34 state; (ii) an event or condition that creates a widespread risk of
35 exposure to a serious communicable disease, or the potential for
36 such widespread risk of exposure; or (iii) any other event or condi-
37 tion determined by the commissioner to constitute an imminent threat
38 to public health.

39 Nothing in this paragraph shall be deemed to prevent all or part of
40 such medicaid savings allocation adjustment from taking effect
41 retroactively to the extent permitted by the federal centers for
42 medicare and medicaid services.

43 In accordance with the medicaid savings allocation adjustment, the
44 commissioner of the department of health shall reduce department of
45 health state funds medicaid spending by the amount of the projected
46 overspending through, actions including, but not limited to modify-
47 ing or suspending reimbursement methods, including but not limited
48 to all fees, premium levels and rates of payment, notwithstanding
49 any provision of law that sets a specific amount or methodology for
50 any such payments or rates of payment; modifying medicaid program
51 benefits; seeking all necessary federal approvals, including, but
52 not limited to waivers, waiver amendments; and suspending time

The department of health shall prepare a quarterly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation adjustment implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such quarterly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

For the purpose of making payments to providers of medical care pursuant to section 367-b of the social services law, and for payment of state aid to municipalities where payment systems through fiscal intermediaries are not operational, to reimburse such providers for costs attributable to the provision of care to patients eligible for medical assistance. Notwithstanding any inconsistent provision of law, the moneys hereby appropriated may be increased or decreased by interchange or transfer with any appropriation of the department of health with the approval of the director of the budget, who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

 6 January first of the distribution year, as summed and adjusted by a
 7 statewide cost adjustment factor and reduced by the sum of all
 8 payment amounts collected from such uninsured patients, and as

 17 provided that the total distributions to eligible general hospitals,
 18 other than major public general hospitals, shall be subject to a

 20 ble general hospitals other than public general hospitals who quali-
 21 fy as enhanced safety net hospitals under section 2807-k of the
 22 public health law shall not be subject to such reduction.

23 Such reduction shall be determined by a methodology to be established
 24 by the department of health which may take into account the payor
 25 mix of each non-public general hospital, including the percentage of
 26 inpatient days paid by the medical assistance program.

27 For calendar years 2024-2026, eligible general hospitals other than
 28 major public general hospitals that qualify as enhanced safety net
 29 hospitals under sections 2087-c and section 2807-k of the public
 30 health law which experience a reduction in payments pursuant to
 31 section 2807-k of the public health law shall receive a distribution
 32 of \$64,600,000 annually proportional to the reduction experienced by

2 federal social security act, increases in provider revenues,
3 reductions in local social services district payments for medical
4 assistance administration, minimum wage increases and beginning
5 April 1, 2012 the operational costs of the New York state medical
6 indemnity fund, pursuant to chapter 59 of the laws of 2011, and
7 state costs or savings from the essential plan. Such projections may
8 be adjusted by the director of the budget to account for increased
9 or expedited department of health state funds medicaid expenditures
10 as a result of a natural or other type of disaster, including a
11 governmental declaration of emergency.

12 The director of the budget, in consultation with the commissioner of
13 health, shall assess on a quarterly basis known and projected medi-
14 caid expenditures by category of service and by geographic region,
15 as determined by the commissioner of health, incurred both prior to
16 and subsequent to such assessment for each such period, and if the
17 director of the budget determines that such expenditures are
18 expected to cause medicaid spending for such period to exceed the
19 aggregate limit specified herein for such period, the state medicaid
20 director, in consultation with the director of the budget and the
21 commissioner of health, shall develop a medicaid savings allocation
22 adjustment to limit such spending to the aggregate limit specified
23 herein for such period.

24 Such medicaid savings allocation adjustment shall be designed, to
25 reduce the expenditures authorized by the appropriations herein in
26 compliance with the following guidelines: (1) reductions shall be
27 made in compliance with applicable federal law, including the
28 provisions of the Patient Protection and Affordable Care Act, Public
29 Law No. 111-148, and the Health Care and Education Reconciliation
30 Act of 2010, Public Law No. 111-152 (collectively "Affordable Care
31 Act") and any subsequent amendments thereto or regulations promul-
32 gated thereunder; (2) reductions shall be made in a manner that
33 complies with the state medicaid plan approved by the federal
34 centers for medicare and medicaid services, provided, however, that
35 the commissioner of health is authorized to submit any state plan
36 amendment or seek other federal approval, including waiver authori-
37 ty, to implement the provisions of the medicaid savings allocation
38 adjustment that meets the other criteria set forth herein; (3)
39 reductions shall be made in a manner that maximizes federal finan-
40 cial participation, to the extent practicable, including any federal
41 financial participation that is available or is reasonably expected
42 to become available, in the discretion of the commissioner, under
43 the Affordable Care Act; (4) reductions shall be made uniformly
44 among categories of services and geographic regions of the state, to
45 the extent practicable, and shall be made uniformly within a catego-
46 ry of service, to the extent practicable, except where the commis-
47 sioner determines that there are sufficient grounds for non-uniform-
48 ity, including but not limited to: the extent to which specific
49 categories of services contributed to department of health medicaid
50 state funds spending in excess of the limits specified herein; the
51 need to maintain safety net services in underserved communities; or
52 the potential benefits of pursuing innovative payment models contem-

1 plated by the Affordable Care Act, in which case such grounds shall
2 be set forth in the medicaid savings allocation adjustment; and (5)
3 reductions shall be made in a manner that does not unnecessarily
4 create administrative burdens to medicaid applicants and recipients
5 or providers.

6 The commissioner shall seek the input of the legislature, as well as
7 organizations representing health care providers, consumers, busi-
8 nesses, workers, health insurers, and others with relevant exper-
9 tise, in developing such medicaid savings allocation adjustment, to
10 the extent that all or part of such adjustment, in the discretion of
11 the commissioner, is likely to have a material impact on the overall
12 medicaid program, particular categories of service or particular
13 geographic regions of the state.

14 (a) The commissioner shall post the medicaid savings allocation
15 adjustment on the department of health's website and shall provide
16 written copies of such plan to the chairs of the senate finance and
17 the assembly ways and means committees at least 30 days before the
18 date on which implementation is expected to begin.

19 (b) The commissioner may revise the medicaid savings allocation
20 adjustment subsequent to the provisions of notice and prior to
21 implementation but needs to provide a new notice pursuant to subpar-
22 agraph (i) of this paragraph only if the commissioner determines, in
23 his or her discretion, that such revisions materially alter the
24 plan.

25 Notwithstanding the provisions of paragraphs (a) and (b) of this
26 subdivision, the commissioner need not seek the input described in
27 paragraph (a) of this subdivision or provide notice pursuant to
28 paragraph (b) of this subdivision if, in the discretion of the
29 commissioner, expedited development and implementation of a medicaid
30 savings allocation adjustment is necessary due to a public health
31 emergency.

32 For purposes of this section, a public health emergency is defined as:

33 (i) a disaster, natural or otherwise, that significantly increases
34 the immediate need for health care personnel in an area of the
35 state; (ii) an event or condition that creates a widespread risk of
36 exposure to a serious communicable disease, or the potential for
37 such widespread risk of exposure; or (iii) any other event or condi-
38 tion determined by the commissioner to constitute an imminent threat
39 to public health.

40 Nothing in this paragraph shall be deemed to prevent all or part of
41 such medicaid savings allocation adjustment from taking effect
42 retroactively to the extent permitted by the federal centers for
43 medicare and medicaid services.

44 In accordance with the medicaid savings allocation adjustment, the
45 commissioner of the department of health shall reduce department of
46 health state funds medicaid spending by the amount of the projected
47 overspending through, actions including, but not limited to modify-
48 ing or suspending reimbursement methods, including but not limited
49 to all fees, premium levels and rates of payment, notwithstanding
50 any provision of law that sets a specific amount or methodology for
51 any such payments or rates of payment; modifying medicaid program
52 benefits; seeking all necessary federal approvals, including, but

The department of health shall prepare a quarterly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation adjustment implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such quarterly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.
