4. A health plan, as defined in subdivision one of this section, shall pay the MCO provider tax for each calendar year as follows:

(a) For Medicaid member months below two hundred fifty thousand member months, a health plan shall pay one hundred twenty-six dollars per member month;

(b) For Medicaid member months greater than or equal to two hundred fifty thousand member months but less than five hundred thousand member months, a health plan shall pay eighty-eight dollars per member month;

9 attending physician ("channeling") program, total an aggregate level of
10 two million three hundred thousand dollars for each claimant and six
11 million nine hundred thousand dollars for all claimants from all such
12 policies with respect to occurrences in each of such years provided,
13 however, if the cost of primary malpractice insurance coverage in excess
14 of one million dollars, but below the excess medical malpractice insur-

19 available at nine percent per annum; the required level of such coverage
20 for all claimants under that policy shall be in an amount not less than

24 dollars and three million dollars for all claimants; and provided
25 further, that, with respect to policies of primary medical malpractice
26 coverage that include occurrences between April 1, 2002 and June 30,
27 2002, such requirement that coverage be in amounts no less than one

35 (a) Notwithstanding any law to the contrary, for any policy period
36 beginning on or after July 1, 2024, excess coverage shall be purchased
37 by a physician or dentist directly from a provider of excess insurance
38 coverage or equivalent excess coverage. At the conclusion of the policy
39 period the superintendent of financial services and the commissioner of

45 (b) Notwithstanding any law to the contrary, for any policy period
46 beginning on or after July 1, 2025, excess coverage shall be purchased
47 by a physician or dentist directly from a provider of excess insurance
48 coverage or equivalent excess coverage. Such provider of excess insur-
49 ance coverage or equivalent excess coverage shall bill, in a manner
50 consistent with paragraph (f) of this subdivision, the physician or
51 dentist for an amount equal to fifty percent of the premium for such
52 coverage, as established pursuant to paragraph (d) of this subdivision,
53 during the policy period. At the conclusion of the policy period the
54 superintendent of financial services and the commissioner of health or
55 their designee shall, from funds available in the hospital excess
56 liability pool created pursuant to subdivision 5 of this section, pay

1 half of the remaining fifty percent of the premium to the provider of
2 excess insurance coverage or equivalent excess coverage, and the remain-
3 ing twenty-five percent shall be paid one year thereafter. If the funds
4 available in the hospital excess liability pool are insufficient to meet
5 the percent of the costs of the excess coverage, the provisions of
6 subdivision 8 of this section shall apply.

7 (c) If at the conclusion of the policy period, a physician or dentist,
8 eligible for excess coverage paid for from funds available in the hospi-

10 percent of the premium as established pursuant to paragraph (d) of this
11 subdivision, such excess coverage shall be cancelled and shall be null
12 and void as of the first day on or after the commencement of a policy
13 period where the liability for payment pursuant to this subdivision has
14 not been met. The provider of excess coverage shall remit any portion of
15 premium paid by the eligible physician or dentist for such a policy
16 period.

17 (d) The superintendent of financial services shall establish a rate
18 consistent with subdivision 3 of this section that providers of excess
19 insurance coverage or equivalent excess coverage will charge for such
20 coverage for each policy period. For the policy period beginning July 1,
21 2025, the superintendent of financial services may direct that the
22 premium for that policy period be the same as it was for the policy
23 period that concluded June 30, 2024.

24 (e) No provider of excess insurance coverage or equivalent excess
25 coverage shall issue excess coverage to which this subdivision applies
26 to any physician or dentist unless that physician or dentist meets the
27 eligibility requirements for such coverage set forth in this section.
28 The superintendent of financial services and the commissioner of health
29 or their designee shall not make any payment under this subdivision to a
30 provider of excess insurance coverage or equivalent excess coverage for
31 excess coverage issued to a physician or dentist who does not meet the
32 eligibility requirements for participation in the hospital excess
33 liability pool program set forth in this section.

34 (f) A provider of excess insurance coverage or equivalent coverage
35 that issues excess coverage under this subdivision shall bill the physi-
36 cian or dentist for the portion of the premium required under paragraph
37 (a) of this subdivision in twelve equal monthly installments or in such
38 other manner as the physician or dentist may agree.

39 (g) The superintendent of financial services in consultation with the
40 commissioner of health may promulgate regulations giving effect to the
41 provisions of this subdivision.

25 or not any such annual surcharge has been actually imposed as of the
26 establishment of such rates.

17 pursuant to article ten-C of the public authorities law;

18 (c) "facility" shall mean (i) a general hospital or a diagnostic and
19 treatment center that has been issued an operating certificate as such
20 pursuant to this article; or (ii) an adult care facility;

21 (d) "temporary operator" shall mean any person or entity that:

22 (i) agrees to operate a facility on a temporary basis in the best
23 interests of its residents or patients and the community served by the
24 facility; and

25 (ii) has demonstrated that [~~he or she has~~] they have the character,
26 competence and financial ability to operate the facility in compliance
27 with applicable standards;

28 (e) "serious financial instability" shall include but not be limited
29 to defaulting or violating key covenants of loans, or missed mortgage
30 payments, or general untimely payment of obligations, including but not
31 limited to employee benefit fund, payroll or payroll tax, and insurance

35 the state of New York; and

36 (f) "extraordinary financial assistance" shall mean state funds
37 provided to a facility upon such facility's request for the purpose of
38 assisting the facility to address serious financial instability. Such
39 funds may be derived from existing programs within the department,
40 special appropriations, or other funds.

41 (g) "improper delegation of management authority by the governing

51 such other factors that may be pertinent in particular instances.
52 Professional expertise shall be exercised in the utilization of the
53 criteria. All of the listed indicia need not be present in a given
54 instance for there to be an improper delegation of authority.

2. (a) In the event that: (i) a facility seeks extraordinary financial assistance ~~[and]~~ or the commissioner finds that the facility is experiencing serious financial instability that is jeopardizing existing or continued access to essential services within the community~~[7];~~ or (ii) the commissioner finds that there are conditions within the facility that seriously endanger the life, health or safety of residents or patients~~[, the commissioner may appoint a temporary operator to assume sole control and sole responsibility for the operations of that facility];~~ or (iii) the commissioner finds that there has been an improper delegation of management authority by the governing authority or operator of a general hospital~~[7];~~ the commissioner ~~[shall]~~ may appoint a temporary operator to assume sole control and sole responsibility for the operations of that facility. The appointment of the temporary operator shall be effectuated pursuant to this section and shall be in addition to any other remedies provided by law.

(b) The established operator of a facility may at any time request the commissioner to appoint a temporary operator. Upon receiving such a request, the commissioner may, if ~~[he or she determines]~~ they determine that such an action is necessary to restore or maintain the provision of quality care to the residents or patients, or alleviate the facility's financial instability, enter into an agreement with the established operator for the appointment of a temporary operator to assume sole control and sole responsibility for the operations of that facility.

3. (a) A temporary operator appointed pursuant to this section shall, ~~[prior to his or her]~~ within thirty days of their appointment as temporary operator, provide the commissioner with a work plan satisfactory to the commissioner to address the facility's deficiencies and serious financial instability and a schedule for implementation of such plan. ~~[A work plan shall not be required prior to the appointment of the temporary operator pursuant to clause (ii) of paragraph (a) of subdivision two of this section if the commissioner has determined that the immediate appointment of a temporary operator is necessary because public health or safety is in imminent danger or there exists any condition or practice or a continuing pattern of conditions or practices which poses imminent danger to the health or safety of any patient or resident of the facility. Where such immediate appointment has been found to be necessary, the temporary operator shall provide the commissioner with a work plan satisfactory to the commissioner as soon as practicable.]~~

(b) The temporary operator shall use ~~[his or her]~~ their best efforts to implement the work plan provided to the commissioner, if applicable, and to correct or eliminate any deficiencies or financial instability in the facility and to promote the quality and accessibility of health care services in the community served by the facility. Notwithstanding any other provision of law, the temporary operator's authority shall include, but not be limited to, hiring or firing of the facility administrator and other key management employees; maintenance and control of the books and records; authority over the disposition of assets and the incurring of liabilities on behalf of the facility; and the adoption and enforcement of policies regarding the operation of the facility. Such correction or elimination of deficiencies or serious financial instability shall not include major alterations of the physical structure of the facility. During the term of ~~[his or her]~~ their appointment, the temporary operator shall have the sole authority to direct the management of the facility in all aspects of operation and shall be afforded full access to the accounts and records of the facility. The temporary operator shall, during this period, operate the facility in such a manner as

1 to promote safety and the quality and accessibility of health care
2 services or residential care in the community served by the facility.
3 The temporary operator shall have the power to let contracts therefor or
4 incur expenses on behalf of the facility, provided that where individual
5 items of repairs, improvements or supplies exceed ten thousand dollars,
6 the temporary operator shall obtain price quotations from at least three
7 reputable sources. The temporary operator shall not be required to file
8 any bond. No security interest in any real or personal property
9 comprising the facility or contained within the facility, or in any
10 fixture of the facility, shall be impaired or diminished in priority by
11 the temporary operator. Neither the temporary operator nor the depart-
12 ment shall engage in any activity that constitutes a confiscation of
13 property without the payment of fair compensation.

14 4. The temporary operator shall be entitled to a reasonable fee, as
15 determined by the commissioner, and necessary expenses incurred during
16 ~~[his or her]~~ their performance as temporary operator, to be paid from
17 the revenue of the facility. The temporary operator shall collect incom-
18 ing payments from all sources and apply them to the reasonable fee and
19 to costs incurred in the performance of ~~[his or her]~~ their functions as
20 temporary operator in correcting deficiencies and causes of serious
21 financial instability. The temporary operator shall be liable only in
22 ~~[his or her]~~ their capacity as temporary operator for injury to person
23 and property by reason of conditions of the facility in a case where an
24 established operator would have been liable; ~~[he or she]~~ they shall not
25 have any liability in ~~[his or her]~~ their personal capacity, except for
26 gross negligence and intentional acts.

27 5. (a) The initial term of the appointment of the temporary operator
28 shall not exceed one hundred eighty days. After one hundred eighty days,
29 if the commissioner determines that termination of the temporary opera-
30 tor would cause significant deterioration of the quality of, or access
31 to, health care or residential care in the community or that reappoint-
32 ment is necessary to correct the conditions within the facility that
33 seriously endanger the life, health or safety of residents or patients,
34 or the financial instability that required the appointment of the tempo-
35 rary operator, the commissioner may authorize up to two additional
36 ~~[ninety-day]~~ one hundred eighty-day terms.

37 (b) Upon the completion of the ~~[two-ninety-day]~~ up to three one
38 hundred eighty-day terms referenced in paragraph (a) of this subdivi-
39 sion,

40 (i) if the established operator is the debtor in a bankruptcy proceed-
41 ing, and the commissioner determines that the temporary operator
42 requires additional terms to operate the facility during the pendency of
43 the bankruptcy proceeding and to carry out any plan resulting from the
44 proceeding, the commissioner may reappoint the temporary operator for
45 additional ninety-day terms until the termination of the bankruptcy
46 proceeding, provided that the commissioner shall provide for notice and
47 a hearing as set forth in subdivision six of this section; or

48 (ii) if the established operator requests the reappointment of the
49 temporary operator, the commissioner may reappoint the temporary opera-
50 tor for one additional ninety-day term, pursuant to an agreement between
51 the established operator, the temporary operator and the department.

52 (c) ~~[Within fourteen]~~ No sooner than sixty days and no later than
53 thirty days prior to the termination of each term of the appointment of
54 the temporary operator, the temporary operator shall submit to the
55 commissioner and to the established operator a report describing:

1 (i) the actions taken during the appointment to address [~~such~~] the
2 deficiencies and financial instability that led to appointment of the
3 temporary operator,

4 (ii) objectives for the continuation of the temporary operatorship if
5 necessary and a schedule for satisfaction of such objectives,

6 (iii) recommended actions for the ongoing operation of the facility
7 subsequent to the term of the temporary operator including recommenda-
8 tions regarding the proper management of the facility and ongoing agree-
9 ments with individuals or entities with proper delegation of management
10 authority; and

11 (iv) [~~with respect to the first ninety-day term referenced in para-~~
12 ~~graph (a) of this subdivision,~~] a plan and timeline for sustainable
13 operation to avoid closure, or for the transformation of the facility
14 which may include any option permissible under this chapter or the
15 social services law and implementing regulations thereof; and, where
16 applicable, a recommendation with rationale for an additional temporary
17 operator term. The report shall reflect best efforts to produce a full
18 and complete accounting.

19 Each report pursuant to this paragraph shall be reviewed by the commis-
20 sioner, who may consult with the temporary operator and the established
21 operator and make modifications if necessary. Prior to expiration of the
22 temporary operator's final term, a final report shall be submitted by
23 the temporary operator and approved by the commissioner. The estab-
24 lished operator shall implement the recommended actions according to the
25 final report. If the established operator at any time demonstrates
26 unwillingness to make or implement changes identified in the final
27 report, the commissioner may extend the term of, or reinstate, the
28 temporary operator, and/or the commissioner may move to amend or revoke
29 the established operator's operating certificate.

30 (d) The term of the initial appointment and of any subsequent reap-
31 pointment may be terminated prior to the expiration of the designated
32 term, if the established operator and the commissioner agree on a plan
33 of correction and the implementation of such plan.

34 6. (a) The commissioner, upon making a determination to appoint a
35 temporary operator pursuant to paragraph (a) of subdivision two of this
36 section shall, prior to the commencement of the appointment, cause the
37 established operator of the facility to be notified of the determination
38 by registered or certified mail addressed to the principal office of the
39 established operator. Such notification shall include a detailed
40 description of the findings underlying the determination to appoint a
41 temporary operator, and the date and time of a required meeting with the
42 commissioner and/or [~~his or her~~] their designee within ten business days
43 of the date of such notice. At such meeting, the established operator
44 shall have the opportunity to review and discuss all relevant findings.
45 At such meeting [~~or within ten additional business days,~~] the commis-
46 sioner and the established operator shall attempt to develop a mutually
47 satisfactory plan of correction and schedule for implementation. In the
48 event such plan of correction is agreed upon, the commissioner shall
49 notify the established operator that the commissioner no longer intends
50 to appoint a temporary operator. A meeting shall not be required prior
51 to the appointment of the temporary operator pursuant to clause (ii) of
52 paragraph (a) of subdivision two of this section if the commissioner has
53 determined that the immediate appointment of a temporary operator is
54 necessary because public health or safety is in imminent danger or there
55 exists any condition or practice or a continuing pattern of conditions
56 or practices which poses imminent danger to the health or safety of any

1 patient or resident of the facility. Where such immediate appointment
2 has been found to be necessary, the commissioner shall provide the
3 established operator with a notice as required under this paragraph on
4 the date of the appointment of the temporary operator.

5 (b) Should the commissioner and the established operator be unable to
6 establish a plan of correction pursuant to paragraph (a) of this subdivi-
7 sion, or should the established operator fail to respond to the
8 commissioner's initial notification, a temporary operator shall be
9 appointed as soon as is practicable and shall operate pursuant to the
10 provisions of this section.

11 (c) The established operator shall be afforded an opportunity for an
12 administrative hearing on the commissioner's determination to appoint a
13 temporary operator. ~~[Such administrative hearing shall occur prior to~~
14 ~~such appointment, except that the hearing shall not be required prior to~~
15 ~~the appointment of the temporary operator pursuant to clause (ii) of~~
16 ~~paragraph (a) of subdivision two of this section if the commissioner has~~
17 ~~determined that the immediate appointment of a temporary operator is~~
18 ~~necessary because public health or safety is in imminent danger or there~~
19 ~~exists any condition or practice or a continuing pattern of conditions~~
20 ~~or practices which poses imminent danger to the health or safety of any~~
21 ~~patient or resident of the facility.]~~ An administrative hearing as
22 provided for under this paragraph shall begin no later than ~~[sixty]~~
23 thirty days from the date ~~[of the notice to the established operator]~~
24 the temporary operator is appointed and shall not be extended without
25 the consent of both parties. Any such hearing shall be strictly limited
26 to the issue of whether the determination of the commissioner to appoint
27 a temporary operator is supported by substantial evidence. A ~~[copy of~~
28 ~~the]~~ decision shall be made and sent to the ~~[established operator]~~
29 parties no later than ten business days after completion of the hearing.

30 (d) The commissioner shall, upon making a determination to reappoint a
31 temporary operator for the first of an additional ~~[ninety-day]~~ one
32 hundred eighty-day term pursuant to paragraph (a) of subdivision five of
33 this section, cause the established operator of the facility to be noti-
34 fied of the determination by registered or certified mail addressed to
35 the principal office of the established operator. If the commissioner
36 determines that additional reappointments pursuant to subparagraph (i)
37 of paragraph (b) of subdivision five of this section are required, the
38 commissioner shall again cause the established operator of the facility
39 to be notified of such determination by registered or certified mail
40 addressed to the principal office of the established operator at the
41 commencement of the first of every two additional terms. Upon receipt of
42 such notification at the principal office of the established operator
43 and before the expiration of ten days thereafter, the established opera-
44 tor may request an administrative hearing on the determination, to begin
45 no later than ~~[sixty]~~ thirty days from the date of the reappointment of
46 the temporary operator. Any such hearing shall be strictly limited to
47 the issue of whether the determination of the commissioner to reappoint
48 the temporary operator is supported by substantial evidence.

49 § 2. This act shall take effect immediately; provided, however, that
50 the amendments to section 2806-a of the public health law made by
51 section one of this act shall not affect the repeal of such section and
52 shall be deemed repealed therewith.

Section 1. Section 18-c of the public health law, as added by section 4 of part 0 of chapter 57 of the laws of 2024, is amended to read as follows:

§ 18-c. Separate patient consent for treatment and payment for health care services. Consent to pay for any non-emergency health care services by a patient shall not be given prior to ~~[the patient receiving such services and]~~ discussing treatment costs. For purposes of this section, "consent" means an action which: (a) clearly and conspicuously communicates the individual's authorization of an act or practice; (b) is made in the absence of any mechanism in the user interface that has the purpose or substantial effect of obscuring, subverting, or impairing decision-making or choice to obtain consent; and (c) cannot be inferred from inaction.

37 on behalf of the individual) does not consent to the treatment. If such
38 consent is not provided, a general hospital meets the requirements of
39 this subdivision with respect to an individual if the hospital offers
40 the individual the treatment. Hospitals that have limited capability for
41 receiving and treating high risk maternity patients in need of special-
42 ized emergency care shall develop and implement standard descriptions of
43 such patients and have triage, treatment, and transfer protocols. Such
44 protocols shall provide that patients shall be transferred to another
45 hospital only when:

46 (a) the patient's condition is stable or being managed;

47 (b) the attending practitioner has authorized the transfer; and

All labels shall conform to such rules and regulations as promulgated by the commissioner pursuant to section sixty-eight hundred twenty-nine of this article. The prescribing and dispensing of a drug which is a controlled substance shall be subject to additional requirements provided in article thirty-three of the public health law. The words "drug" and "prescription required drug" within the meaning of this article shall not be construed to include soft or hard contact lenses, eyeglasses, or any other device for the aid or correction of vision. Nothing in this subdivision shall prevent a pharmacy from furnishing a drug to another pharmacy which does not have such drug in stock for the purpose of filling a prescription.

10-b. At the request of a practitioner pursuant to section twenty-five hundred ninety-nine-bb of the public health law, a pharmacy that receives an electronic prescription shall list the prescribing health care facility name or address on the prescription label instead of the name of the practitioner.

22 infertility, to ensure the affordability of and access to care for indi-
23 viduals who lack the ability to pay for care, lack insurance coverage,
24 are underinsured, or whose insurance is deemed unusable by the rendering
25 provider. Notwithstanding sections one hundred twelve and one hundred
26 sixty-three of the state finance law, grants provided pursuant to such
27 program may be made without competitive bid or request for proposal.

28 2. Services, treatments, and procedures paid for pursuant to the grant
29 program shall be made available only in accordance with standards,
30 protocols, and other parameters established by the commissioner, which
31 shall incorporate but not be limited to the American Society for Repro-
32 ductive Medicine (ASRM) and the American College of Obstetricians and
33 Gynecologists (ACOG) standards for the appropriateness of individuals,
34 providers, treatments, and procedures.

35 3. At least one such provider shall be located in the city of New York
36 and one such provider shall be located in an upstate region. Any organ-
37 ization or provider receiving funds from the program shall take all
38 necessary steps to ensure the confidentiality of the individuals receiv-
39 ing services, treatments or procedures paid for pursuant to the grant
40 program pursuant to state and federal laws.

1. A state board for professional medical conduct is hereby created in the department in matters of professional misconduct as defined in ~~[sections sixty five hundred thirty and sixty five hundred thirty one of the education law]~~ this title. Its physician members shall be appointed by the commissioner at least eighty-five percent of whom shall be from among nominations submitted by the medical society of the state of New York, the New York state osteopathic society, the New York academy of medicine, county medical societies, statewide specialty societies recognized by the council of medical specialty societies, and the hospital association of New York state. Its lay members shall be appointed by the commissioner with the approval of the governor. The board of regents shall also appoint twenty percent of the members of the board. Not less than sixty-seven percent of the members appointed by the board of regents shall be physicians. Not less than eighty-five percent of the physician members appointed by the board of regents shall be from among nominations submitted by the medical society of the state of New York, the New York state osteopathic society, the New York academy of medicine, county medical societies, statewide medical societies recognized by the council of medical specialty societies, and the hospital association of New York state. Any failure to meet the percentage thresholds stated in this subdivision shall not be grounds for invalidating any action by or on authority of the board for professional medical conduct or a committee or a member thereof. The board for professional medical conduct shall consist of not fewer than eighteen physicians licensed in the state for at least five years, two of whom shall be doctors of osteopathy, not fewer than two of whom shall be physicians who dedicate a significant portion of their practice to the use of non-conventional medical treatments who may be nominated by New York state medical associations dedicated to the advancement of such treatments, at least one of whom shall have expertise in palliative care, and not fewer than seven lay members. An executive secretary shall be appointed by the chairperson and shall be a licensed physician. Such executive secretary shall not be a member of the board, shall hold office at the pleasure of, and shall have the powers and duties assigned and the annual salary fixed by, the chairperson. The chairperson shall also assign such secretaries or other persons to the board as are necessary.

9-b. Neither the board for professional medical conduct nor the office of professional medical conduct shall charge a licensee with misconduct as defined in ~~[sections sixty five hundred thirty and sixty five hundred thirty one of the education law]~~ this title, or cause a report made to the director of such office to be investigated beyond a preliminary review as set forth in clause (A) of subparagraph (i) of paragraph (a) of subdivision ten of this section, where such report is determined to

1 be based solely upon the recommendation or provision of a treatment
2 modality to a particular patient by such licensee that is not
3 universally accepted by the medical profession, including but not limit-
4 ed to, varying modalities used in the treatment of Lyme disease and
5 other tick-borne diseases. When a licensee, acting in accordance with
6 ~~[paragraph e of subdivision four of]~~ section ~~[sixty five hundred twen-~~
7 ~~ty seven of the education law]~~ thirty-seven hundred fifty-one of this
8 chapter, recommends or provides a treatment modality that effectively
9 treats human disease, pain, injury, deformity or physical condition for
10 which the licensee is treating a patient, the recommendation or
11 provision of that modality to a particular patient shall not, by itself,
12 constitute professional misconduct. The licensee shall otherwise abide
13 by all other applicable professional requirements.

14 9-c. (a) Neither the board for professional medical conduct nor the
15 office of professional medical conduct shall charge a licensee, acting
16 within their scope of practice, with misconduct as defined in ~~[sections~~
17 ~~sixty five hundred thirty and sixty five hundred thirty one of the~~
18 ~~education law]~~ this title, or cause a report made to the director of
19 such office to be investigated beyond a preliminary review as set forth
20 in clause (A) of subparagraph (i) of paragraph (a) of subdivision ten of
21 this section, where such report is determined to be based solely upon
22 the performance, recommendation, or provision of any reproductive health
23 services as defined in ~~[section sixty five hundred thirty one b of the~~
24 ~~education law]~~ paragraph (a) of subdivision one of section two hundred
25 thirty-h of this title, or gender-affirming care, as defined in para-
26 graph (c) of subdivision one of section ~~[sixty five hundred thirty one b~~
27 ~~of the education law]~~ two hundred thirty-h of this title, for a partic-
28 ular patient by such licensee where such patient resides in a state
29 wherein the performance, recommendation or provision of such reproduc-
30 tive health services or gender-affirming care is illegal.

31 (b) When a licensee, acting within their scope of practice, and in
32 accordance with ~~[paragraph e of subdivision four of]~~ section ~~[sixty five~~
33 ~~hundred twenty seven of the education law]~~ thirty-seven hundred fifty-
34 one of this chapter, performs, recommends or provides any reproductive
35 health services or gender-affirming care for a patient who resides in a
36 state wherein the performance, recommendation, or provision of any such
37 reproductive health services or gender-affirming care is illegal, such
38 performance, recommendation, or provision of such reproductive health
39 services or gender-affirming care for such patient, shall not, by
40 itself, constitute professional misconduct. The licensee shall otherwise
41 abide by all other applicable professional requirements.

42 (i-a) The director shall, in addition to the determination required by
43 clause (A) of subparagraph (i) of this paragraph, determine if a report
44 is based solely upon conduct which is otherwise permissible pursuant to
45 section ~~[sixty five hundred thirty one b of the education law]~~ two
46 hundred thirty-h of this title and subdivision nine-c of this section,
47 and upon a determination by the director that a report is based solely
48 upon such permissible conduct, no further review shall be conducted and
49 no charges shall be brought. Nothing in this section shall preclude the
50 director from making such a determination earlier in, or subsequent to,
51 a preliminary review.

52 (2) make arrangements for the transfer and maintenance of the medical
53 records of ~~[his or her]~~ their former patients. Records shall be either
54 transferred to the licensee's former patients consistent with the
55 provisions of sections seventeen and eighteen of this chapter or to
56 another physician or health care practitioner as provided in clause (1)

1 of this subparagraph who shall expressly assume responsibility for their
2 care and maintenance and for providing access to such records, as
3 provided in subdivisions twenty-two and thirty-two of [~~section sixty-~~
4 ~~five hundred thirty of the education law~~] section two hundred thirty-e
5 of this title, the rules of the board of regents or the regulations of
6 the commissioner of education and sections seventeen and eighteen of
7 this chapter. When records are not transferred to the licensee's former
8 patients or to another physician or health care practitioner, the licen-
9 see whose license has been revoked, annulled, surrendered, suspended or
10 restricted shall remain responsible for the care and maintenance of the
11 medical records of [~~his or her~~] their former patients and shall be
12 subject to additional proceedings pursuant to subdivisions twenty-two,
13 thirty-two and forty of section [~~sixty-five hundred thirty of the educa-~~
14 ~~tion law~~] two hundred thirty-e of this title in the event that the
15 licensee fails to maintain those medical records or fails to make them
16 available to a former patient.

17 (p) Convictions of crimes or administrative violations. In cases of
18 professional misconduct based solely upon a violation of subdivision
19 nine of section [~~sixty-five hundred thirty of the education law~~] two
20 hundred thirty-e of this title, the director may direct that charges be
21 prepared and served and may refer the matter to a committee on profes-
22 sional conduct for its review and report of findings, conclusions as to
23 guilt, and determination. In such cases, the notice of hearing shall
24 state that the licensee shall file a written answer to each of the
25 charges and allegations in the statement of charges no later than ten
26 days prior to the hearing, and that any charge or allegation not so
27 answered shall be deemed admitted, that the licensee may wish to seek
28 the advice of counsel prior to filing such answer that the licensee may
29 file a brief and affidavits with the committee on professional conduct,
30 that the licensee may appear personally before the committee on profes-
31 sional conduct, may be represented by counsel and may present evidence
32 or sworn testimony in [~~his or her~~] their behalf, and the notice may
33 contain such other information as may be considered appropriate by the
34 director. The department may also present evidence or sworn testimony
35 and file a brief at the hearing. A stenographic record of the hearing
36 shall be made. Such evidence or sworn testimony offered to the committee
37 on professional conduct shall be strictly limited to evidence and testi-
38 mony relating to the nature and severity of the penalty to be imposed
39 upon the licensee. Where the charges are based on the conviction of
40 state law crimes in other jurisdictions, evidence may be offered to the
41 committee which would show that the conviction would not be a crime in
42 New York state. The committee on professional conduct may reasonably
43 limit the number of witnesses whose testimony will be received and the
44 length of time any witness will be permitted to testify. The determi-
45 nation of the committee shall be served upon the licensee and the
46 department in accordance with the provisions of paragraph (h) of this
47 subdivision. A determination pursuant to this subdivision may be
48 reviewed by the administrative review board for professional medical
49 conduct.

50 (a) The medical society of the state of New York, the New York state
51 osteopathic society or any district osteopathic society, any statewide
52 medical specialty society or organization, and every county medical
53 society, every person licensed pursuant to articles [~~one hundred thir-~~
54 ~~ty-one, one hundred thirty-one-B,~~] one hundred thirty-three, one hundred
55 thirty-seven and one hundred thirty-nine of the education law or arti-
56 cles thirty-seven or thirty-seven-B of this chapter, and the chief exec-

1 utive officer, the chief of the medical staff and the chairperson of
2 each department of every institution which is established pursuant to
3 article twenty-eight of this chapter and a comprehensive health services
4 plan pursuant to article forty-four of this chapter or article forty-
5 three of the insurance law, shall, and any other person may, report to
6 the board any information which such person, medical society, organiza-
7 tion, institution or plan has which reasonably appears to show that a
8 licensee is guilty of professional misconduct as defined in [~~sections~~
9 ~~sixty-five hundred thirty and sixty-five hundred thirty-one of the~~
10 ~~education law~~] this title. Such reports shall remain confidential and
11 shall not be admitted into evidence in any administrative or judicial
12 proceeding except that the board, its staff, or the members of its
13 committees may begin investigations on the basis of such reports and may
14 use them to develop further information.

15 13. (a) Temporary surrender. The license and registration of a licen-
16 see who may be temporarily incapacitated for the active practice of
17 medicine and whose alleged incapacity has not resulted in harm to a
18 patient may be voluntarily surrendered to the board for professional
19 medical conduct, which may accept and hold such license during the peri-
20 od of such alleged incapacity or the board for professional medical
21 conduct may accept the surrender of such license after agreement to
22 conditions to be met prior to the restoration of the license. The board
23 shall give prompt written notification of such surrender to the division
24 of professional licensing services of the state education department,
25 and to each hospital at which the licensee has privileges. The licensee
26 whose license is so surrendered shall notify all patients and all
27 persons who request medical services that the licensee has temporarily
28 withdrawn from the practice of medicine. The licensure status of each
29 such licensee shall be "inactive" and the licensee shall not be author-
30 ized to practice medicine. The temporary surrender shall not be deemed
31 to be an admission of disability or of professional misconduct, and
32 shall not be used as evidence of a violation of subdivision seven or
33 eight of section [~~sixty-five hundred thirty of the education law~~] two
34 hundred thirty-e of this title unless the licensee practices while the
35 license is "inactive". Any such practice shall constitute a violation of
36 subdivision twelve of section [~~sixty-five hundred thirty of the educa-~~
37 ~~tion law~~] two hundred thirty-e of this title. The surrender of a license
38 under this subdivision shall not bar any disciplinary action except
39 action based solely upon the provisions of subdivision seven or eight of
40 section [~~sixty-five hundred thirty of the education law~~] two hundred
41 thirty-e of this title and where no harm to a patient has resulted, and
42 shall not bar any civil or criminal action or proceeding which might be
43 brought without regard to such surrender. A surrendered license shall be
44 restored upon a showing to the satisfaction of a committee of profes-
45 sional conduct of the state board for professional medical conduct that
46 the licensee is not incapacitated for the active practice of medicine
47 provided, however, that the committee may impose reasonable conditions
48 on the licensee, if it determined that due to the nature and extent of
49 the licensee's former incapacity such conditions are necessary to
50 protect the health of the people. The chairperson of the committee shall
51 issue a restoration order adopting the decision of the committee. Prompt
52 written notification of such restoration shall be given to the division
53 of professional licensing services of the state education department and
54 to all hospitals which were notified of the surrender of the license.

55 (b) Permanent surrender. The license and registration of a licensee
56 who may be permanently incapacitated for the active practice of medi-

1 cine, and whose alleged incapacity has not resulted in harm to a
2 patient, may be voluntarily surrendered to the board for professional
3 medical conduct. The board shall give prompt written notification of
4 such surrender to the division of professional licensing services of the
5 state education department, and to each hospital at which the licensee
6 has privileges. The licensee whose license is so surrendered shall noti-
7 fy all patients and all persons who request medical services that the
8 licensee has permanently withdrawn from the practice of medicine. The
9 permanent surrender shall not be deemed to be an admission of disability
10 ~~[of]~~ or professional misconduct, and shall not be used as evidence of a
11 violation of subdivision seven or eight of section ~~[sixty-five hundred~~
12 ~~thirty of the education law]~~ two hundred thirty-e of this title. The
13 surrender shall not bar any civil or criminal action or proceeding which
14 might be brought without regard to such surrender. There shall be no
15 restoration of a license that has been surrendered pursuant to this
16 subdivision.

17 (c) If the committee determines that reasonable cause exists as speci-
18 fied in paragraph (a) of this subdivision and that there is insufficient
19 evidence for the matter to constitute misconduct as defined in sections
20 ~~[sixty-five hundred thirty and section sixty-five hundred thirty-one of~~
21 ~~the education law]~~ two hundred thirty-e, two hundred thirty-f and two
22 hundred thirty-g of this title, the committee may issue an order direct-
23 ing that the licensee's practice of medicine be monitored for a period
24 specified in the order, which shall in no event exceed one year, by a
25 licensee approved by the director, which may include members of county
26 medical societies or district osteopathic societies designated by the
27 commissioner. The licensee responsible for monitoring the licensee shall
28 submit regular reports to the director. If the licensee refuses to coop-
29 erate with the licensee responsible for monitoring or if the monitoring
30 licensee submits a report that the licensee is not practicing medicine
31 with reasonable skill and safety to ~~[his or her]~~ their patients, the
32 committee may refer the matter to the director for further proceedings
33 pursuant to subdivision ten of this section. An order pursuant to this
34 paragraph shall be kept confidential and shall not be subject to discov-
35 ery or subpoena, unless the licensee refuses to comply with the order.

36 § 39. The opening paragraph of section 230-a of the public health law,
37 as added by chapter 606 of the laws of 1991, is amended to read as
38 follows:

39 The penalties which may be imposed by the state board for professional

50 ing scientifically accepted barrier precautions and infection control
51 practices as standards of professional medical conduct for persons
52 licensed under articles one hundred thirty-one and ~~[one hundred thirty-~~

54 chapter. The department shall consult with the education department to
55 ensure that regulatory standards for scientifically acceptable barrier
56 precautions and infection prevention techniques promulgated pursuant to

23 mation as is required by the department for the development of profiles
24 under this section which is not otherwise reasonably obtainable. In
25 addition to such periodic reports and providing the same information,
26 each physician shall update [~~his or her~~] their profile information with-
27 in the six months prior to the expiration date of such physician's
28 registration period, as a condition of registration renewal under arti-
29 cle [~~one hundred thirty one of the education law~~] thirty-seven-B of this
30 chapter. Except for optional information provided, physicians shall
31 notify the department of any change in the profile information within

§ 8900. Nurse licensure compact. The nurse license compact as set forth in the article is hereby adopted and entered into with all party states joining therein.

§ 8901. Findings and declaration of purpose 1. Findings. The party states find that:

a. The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;

b. Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

e. The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant for both nurses and states; and

f. Uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.

2. Declaration of purpose. The general purposes of this compact are to:

a. Facilitate the states' responsibility to protect the public's health and safety;

b. Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;

c. Facilitate the exchange of information between party states in the areas of nurse regulation, investigation and adverse actions;

d. Promote compliance with the laws governing the practice of nursing in each jurisdiction;

e. Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses;

f. Decrease redundancies in the consideration and issuance of nurse licenses; and

g. Provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

§ 8902. Definitions. 1. Definitions. As used in this compact:

a. "Adverse action" means any administrative, civil, equitable or criminal action permitted by a state's laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limi-

16 to respond, if required by state law, has reason to believe is not
17 groundless and, if proved true, would indicate more than a minor infrac-
18 tion; or

19 2. Investigative information that indicates that the nurse represents
20 an immediate threat to public health and safety regardless of whether
21 the nurse has been notified and had an opportunity to respond.

22 f. "Encumbrance" means a revocation or suspension of, or any limita-
23 tion on, the full and unrestricted practice of nursing imposed by a
24 licensing board.

25 g. "Home state" means the party state which is the nurse's primary
26 state of residence.

27 h. "Licensing board" means a party state's regulatory body responsible
28 for issuing nurse licenses.

29 i. "Multistate license" means a license to practice as a registered
30 nurse (RN) or as a licensed practical/vocational nurse (LPN/VN), which
31 is issued by a home state licensing board, and which authorizes the
32 licensed nurse to practice in all party states under a multistate licen-
33 sure privilege.

34 j. "Multistate licensure privilege" means a legal authorization asso-
35 ciated with a multistate license permitting the practice of nursing as
36 either a RN or a LPN/VN in a remote state.

37 k. "Nurse" means RN or LPN/VN, as those terms are defined by each
38 party state's practice laws.

39 l. "Party state" means any state that has adopted this compact.

40 m. "Remote state" means a party state, other than the home state.

45 o. "State" means a state, territory or possession of the United States
46 and the District of Columbia.

47 p. "State practice laws" means a party state's laws, rules and regu-

49 practice, and create the methods and grounds for imposing discipline.
50 "State practice laws" shall not include requirements necessary to obtain
51 and retain a license, except for qualifications or requirements of the
52 home state.

53 § 8903. General provisions and jurisdiction. 1. General provisions and
54 jurisdiction. a. A multistate license to practice registered or licensed
55 practical/vocational nursing issued by a home state to a resident in
56 that state will be recognized by each party state as authorizing a nurse

1 to practice as a registered nurse (RN) or as a licensed
2 practical/vocational nurse (LPN/VN), under a multistate licensure privi-
3 lege, in each party state.

4 b. A state shall implement procedures for considering the criminal
5 history records of applicants for an initial multistate license or
6 licensure by endorsement. Such procedures shall include the submission
7 of fingerprints or other biometric-based information by applicants for
8 the purpose of obtaining an applicant's criminal history record informa-
9 tion from the federal bureau of investigation and the agency responsible
10 for retaining that state's criminal records.

11 c. Each party state shall require its licensing board to authorize an
12 applicant to obtain or retain a multistate license in the home state
13 only if the applicant:

14 i. Meets the home state's qualifications for licensure or renewal of
15 licensure, and complies with all other applicable state laws;

16 ii. (1) Has graduated or is eligible to graduate from a licensing
17 board-approved RN or LPN/VN prelicensure education program; or

18 (2) Has graduated from a foreign RN or LPN/VN prelicensure education
19 program that has been: (A) approved by the authorized accrediting body
20 in the applicable country, and (B) verified by an independent creden-
21 tials review agency to be comparable to a licensing board-approved pre-
22 licensure education program;

23 iii. Has, if a graduate of a foreign prelicensure education program
24 not taught in English or if English is not the individual's native
25 language, successfully passed an English proficiency examination that
26 includes the components of reading, speaking, writing and listening;

27 iv. Has successfully passed an NCLEX-RN or NCLEX-PN examination or
28 recognized predecessor, as applicable;

29 v. Is eligible for or holds an active, unencumbered license;

30 vi. Has submitted, in connection with an application for initial
31 licensure or licensure by endorsement, fingerprints or other biometric
32 data for the purpose of obtaining criminal history record information
33 from the federal bureau of investigation and the agency responsible for
34 retaining that state's criminal records;

35 vii. Has not been convicted or found guilty, or has entered into an
36 agreed disposition, of a felony offense under applicable state or feder-

38 viii. Has not been convicted or found guilty, or has entered into an
39 agreed disposition, of a misdemeanor offense related to the practice of
40 nursing as determined on a case-by-case basis;

41 ix. Is not currently enrolled in an alternative program;

42 x. Is subject to self-disclosure requirements regarding current
43 participation in an alternative program; and

44 xi. Has a valid United States social security number.

45 d. All party states shall be authorized, in accordance with existing
46 state due process law, to take adverse action against a nurse's multi-
47 state licensure privilege such as revocation, suspension, probation or
48 any other action that affects a nurse's authorization to practice under
49 a multistate licensure privilege, including cease and desist actions. If
50 a party state takes such action, it shall promptly notify the adminis-
51 trator of the coordinated licensure information system. The administra-
52 tor of the coordinated licensure information system shall promptly noti-
53 fy the home state of any such actions by remote states.

54 e. A nurse practicing in a party state shall comply with the state
55 practice laws of the state in which the client is located at the time
56 service is provided. The practice of nursing is not limited to patient

1 care but shall include all nursing practice as defined by the state
2 practice laws of the party state in which the client is located. The
3 practice of nursing in a party state under a multistate licensure privi-
4 lege will subject a nurse to the jurisdiction of the licensing board,
5 the courts and the laws of the party state in which the client is
6 located at the time service is provided.

7 f. Individuals not residing in a party state shall continue to be able
8 to apply for a party state's single-state license as provided under the
9 laws of each party state. However, the single-state license granted to
10 these individuals will not be recognized as granting the privilege to
11 practice nursing in any other party state. Nothing in this compact shall
12 affect the requirements established by a party state for the issuance of
13 a single-state license.

14 g. Any nurse holding a home state multistate license, on the effective
15 date of this compact, may retain and renew the multistate license issued
16 by the nurse's then-current home state, provided that:

17 i. A nurse, who changes primary state of residence after this
18 compact's effective date, shall meet all applicable requirements set
19 forth in this article to obtain a multistate license from a new home
20 state.

21 ii. A nurse who fails to satisfy the multistate licensure requirements
22 set forth in this article due to a disqualifying event occurring after
23 this compact's effective date shall be ineligible to retain or renew a
24 multistate license, and the nurse's multistate license shall be revoked
25 or deactivated in accordance with applicable rules adopted by the
26 commission.

27 § 8904. Applications for licensure in a party state. 1. Applications
28 for licensure in a party state. a. Upon application for a multistate
29 license, the licensing board in the issuing party state shall ascertain,
30 through the coordinated licensure information system, whether the appli-
31 cant has ever held, or is the holder of, a license issued by any other
32 state, whether there are any encumbrances on any license or multistate
33 licensure privilege held by the applicant, whether any adverse action
34 has been taken against any license or multistate licensure privilege
35 held by the applicant and whether the applicant is currently participat-
36 ing in an alternative program.

37 b. A nurse may hold a multistate license, issued by the home state, in
38 only one party state at a time.

39 c. If a nurse changes primary state of residence by moving between two
40 party states, the nurse must apply for licensure in the new home state,
41 and the multistate license issued by the prior home state will be deac-
42 tivated in accordance with applicable rules adopted by the commission.

43 i. The nurse may apply for licensure in advance of a change in primary
44 state of residence.

45 ii. A multistate license shall not be issued by the new home state
46 until the nurse provides satisfactory evidence of a change in primary
47 state of residence to the new home state and satisfies all applicable
48 requirements to obtain a multistate license from the new home state.

49 d. If a nurse changes primary state of residence by moving from a
50 party state to a non-party state, the multistate license issued by the
51 prior home state will convert to a single-state license, valid only in
52 the former home state.

53 § 8905. Additional authorities invested in party state licensing
54 boards. 1. Licensing board authority. In addition to the other powers
55 conferred by state law, a licensing board shall have the authority to:

1 a. Take adverse action against a nurse's multistate licensure privilege to practice within that party state.

2 i. Only the home state shall have the power to take adverse action against a nurse's license issued by the home state.

3 ii. For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

4 b. Issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state.

5 c. Complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate action or actions and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

6 d. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, as well as the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state in which the witnesses or evidence are located.

7 e. Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the federal bureau of investigation for criminal background checks, receive the results of the federal bureau of investigation record search on criminal background checks and use the results in making licensure decisions.

8 f. If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse.

9 g. Take adverse action based on the factual findings of the remote state, provided that the licensing board follows its own procedures for taking such adverse action.

10 2. Adverse actions. a. If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

11 b. Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

12 § 8906. Coordinated licensure information system and exchange of information. 1. Coordinated licensure information system and exchange of information. a. All party states shall participate in a coordinated licensure information system of all licensed registered nurses (RNs) and

1 licensed practical/vocational nurses (LPNs/VNs). This system will
2 include information on the licensure and disciplinary history of each
3 nurse, as submitted by party states, to assist in the coordination of
4 nurse licensure and enforcement efforts.

5 b. The commission, in consultation with the administrator of the coor-
6 ordinated licensure information system, shall formulate necessary and
7 proper procedures for the identification, collection and exchange of
8 information under this compact.

9 c. All licensing boards shall promptly report to the coordinated
10 licensure information system any adverse action, any current significant
11 investigative information, denials of applications with the reasons for
12 such denials and nurse participation in alternative programs known to
13 the licensing board regardless of whether such participation is deemed
14 nonpublic or confidential under state law.

15 d. Current significant investigative information and participation in
16 nonpublic or confidential alternative programs shall be transmitted
17 through the coordinated licensure information system only to party state
18 licensing boards.

19 e. Notwithstanding any other provision of law, all party state licens-
20 ing boards contributing information to the coordinated licensure infor-
21 mation system may designate information that may not be shared with
22 non-party states or disclosed to other entities or individuals without
23 the express permission of the contributing state.

24 f. Any personally identifiable information obtained from the coordi-
25 nated licensure information system by a party state licensing board
26 shall not be shared with non-party states or disclosed to other entities
27 or individuals except to the extent permitted by the laws of the party
28 state contributing the information.

29 g. Any information contributed to the coordinated licensure informa-
30 tion system that is subsequently required to be expunged by the laws of
31 the party state contributing that information shall also be expunged
32 from the coordinated licensure information system.

33 h. The compact administrator of each party state shall furnish a
34 uniform data set to the compact administrator of each other party state,
35 which shall include, at a minimum:

36 i. Identifying information;

37 ii. Licensure data;

38 iii. Information related to alternative program participation; and

39 iv. Other information that may facilitate the administration of this
40 compact, as determined by commission rules.

41 i. The compact administrator of a party state shall provide all inves-
42 tigative documents and information requested by another party state.

43 § 8907. Establishment of the interstate commission of nurse licensure
44 compact administrators. 1. Commission of nurse licensure compact admin-
45 istrators. The party states hereby create and establish a joint public
46 entity known as the interstate commission of nurse licensure compact
47 administrators. The commission is an instrumentality of the party
48 states.

49 2. Venue. Venue is proper, and judicial proceedings by or against the
50 commission shall be brought solely and exclusively, in a court of compe-
51 tent jurisdiction where the principal office of the commission is
52 located. The commission may waive venue and jurisdictional defenses to
53 the extent it adopts or consents to participate in alternative dispute
54 resolution proceedings.

55 3. Sovereign immunity. Nothing in this compact shall be construed to
56 be a waiver of sovereign immunity.

1 4. Membership, voting and meetings. a. Each party state shall have and
2 be limited to one administrator. The head of the state licensing board
3 or designee shall be the administrator of this compact for each party
4 state. Any administrator may be removed or suspended from office as
5 provided by the law of the state from which the administrator is
6 appointed. Any vacancy occurring in the commission shall be filled in
7 accordance with the laws of the party state in which the vacancy exists.

8 b. Each administrator shall be entitled to one vote with regard to the
9 promulgation of rules and creation of bylaws and shall otherwise have an
10 opportunity to participate in the business and affairs of the commis-
11 sion. An administrator shall vote in person or by such other means as
12 provided in the bylaws. The bylaws may provide for an administrator's
13 participation in meetings by telephone or other means of communication.

14 c. The commission shall meet at least once during each calendar year.
15 Additional meetings shall be held as set forth in the bylaws or rules of
16 the commission.

17 d. All meetings shall be open to the public, and public notice of
18 meetings shall be given in the same manner as required under the rule-
19 making provisions in section eighty-nine hundred eight of this article.

20 5. Closed meetings. a. The commission may convene in a closed, nonpub-
21 lic meeting if the commission shall discuss:

22 i. Noncompliance of a party state with its obligations under this
23 compact;

24 ii. The employment, compensation, discipline or other personnel
25 matters, practices or procedures related to specific employees or other
26 matters related to the commission's internal personnel practices and
27 procedures;

28 iii. Current, threatened or reasonably anticipated litigation;

29 iv. Negotiation of contracts for the purchase or sale of goods,
30 services or real estate;

31 v. Accusing any person of a crime or formally censuring any person;

32 vi. Disclosure of trade secrets or commercial or financial information
33 that is privileged or confidential;

34 vii. Disclosure of information of a personal nature where disclosure
35 would constitute a clearly unwarranted invasion of personal privacy;

36 viii. Disclosure of investigatory records compiled for law enforcement
37 purposes;

38 ix. Disclosure of information related to any reports prepared by or on
39 behalf of the commission for the purpose of investigation of compliance
40 with this compact; or

41 x. Matters specifically exempted from disclosure by federal or state
42 statute.

43 b. If a meeting, or portion of a meeting, is closed pursuant to this
44 paragraph the commission's legal counsel or designee shall certify that
45 the meeting may be closed and shall reference each relevant exempting
46 provision. The commission shall keep minutes that fully and clearly
47 describe all matters discussed in a meeting and shall provide a full and
48 accurate summary of actions taken, and the reasons therefor, including a
49 description of the views expressed. All documents considered in
50 connection with an action shall be identified in such minutes. All
51 minutes and documents of a closed meeting shall remain under seal,
52 subject to release by a majority vote of the commission or order of a
53 court of competent jurisdiction.

54 c. The commission shall, by a majority vote of the administrators,
55 prescribe bylaws or rules to govern its conduct as may be necessary or

1 appropriate to carry out the purposes and exercise the powers of this
2 compact, including but not limited to:

3 i. Establishing the fiscal year of the commission;

4 ii. Providing reasonable standards and procedures:

5 (1) For the establishment and meetings of other committees; and

6 (2) Governing any general or specific delegation of any authority or
7 function of the commission;

8 iii. Providing reasonable procedures for calling and conducting meet-
9 ings of the commission, ensuring reasonable advance notice of all meet-
10 ings and providing an opportunity for attendance of such meetings by
11 interested parties, with enumerated exceptions designed to protect the
12 public's interest, the privacy of individuals, and proprietary informa-
13 tion, including trade secrets. The commission may meet in closed session
14 only after a majority of the administrators vote to close a meeting in
15 whole or in part. As soon as practicable, the commission must make
16 public a copy of the vote to close the meeting revealing the vote of
17 each administrator, with no proxy votes allowed;

18 iv. Establishing the titles, duties and authority and reasonable
19 procedures for the election of the officers of the commission;

20 v. Providing reasonable standards and procedures for the establishment
21 of the personnel policies and programs of the commission. Notwithstand-
22 ing any civil service or other similar laws of any party state, the
23 bylaws shall exclusively govern the personnel policies and programs of
24 the commission; and

25 vi. Providing a mechanism for winding up the operations of the commis-
26 sion and the equitable disposition of any surplus funds that may exist
27 after the termination of this compact after the payment or reserving of
28 all of its debts and obligations.

29 6. General provisions. a. The commission shall publish its bylaws and
30 rules, and any amendments thereto, in a convenient form on the website
31 of the commission.

32 b. The commission shall maintain its financial records in accordance
33 with the bylaws.

34 c. The commission shall meet and take such actions as are consistent
35 with the provisions of this compact and the bylaws.

36 7. Powers of the commission. The commission shall have the following
37 powers:

39 tation and administration of this compact. The rules shall have the
40 force and effect of law and shall be binding in all party states;

42 the commission, provided that the standing of any licensing board to sue
43 or be sued under applicable law shall not be affected;

44 c. To purchase and maintain insurance and bonds;

45 d. To borrow, accept or contract for services of personnel, including,
46 but not limited to, employees of a party state or nonprofit organiza-

49 compacts related to the regulation of nursing, including but not limited
50 to sharing administrative or staff expenses, office space or other
51 resources;

52 f. To hire employees, elect or appoint officers, fix compensation,
53 define duties, grant such individuals appropriate authority to carry out
54 the purposes of this compact, and to establish the commission's person-
55 nel policies and programs relating to conflicts of interest, qualifica-
56 tions of personnel and other related personnel matters;

1 g. To accept any and all appropriate donations, grants and gifts of
2 money, equipment, supplies, materials and services, and to receive,
3 utilize and dispose of the same; provided that at all times the commis-
4 sion shall avoid any appearance of impropriety or conflict of interest;

5 h. To lease, purchase, accept appropriate gifts or donations of, or
6 otherwise to own, hold, improve or use, any property, whether real,
7 personal or mixed; provided that at all times the commission shall avoid

18 enforcement agencies;

19 n. To adopt and use an official seal; and

23 8. Financing of the commission. a. The commission shall pay, or
24 provide for the payment of, the reasonable expenses of its establish-
25 ment, organization and ongoing activities.

26 b. The commission may also levy on and collect an annual assessment
27 from each party state to cover the cost of its operations, activities
28 and staff in its annual budget as approved each year. The aggregate
29 annual assessment amount, if any, shall be allocated based upon a formu-
30 la to be determined by the commission, which shall promulgate a rule
31 that is binding upon all party states.

32 c. The commission shall not incur obligations of any kind prior to

48 out of any actual or alleged act, error or omission that occurred, or
49 that the person against whom the claim is made had a reasonable basis
50 for believing occurred, within the scope of the commission's employment,
51 duties or responsibilities; provided that nothing in this paragraph
52 shall be construed to protect any such person from suit or liability for
53 any damage, loss, injury or liability caused by the intentional, willful
54 or wanton misconduct of that person.

55 b. The commission shall defend any administrator, officer, executive
56 director, employee or representative of the commission in any civil

1 action seeking to impose liability arising out of any actual or alleged
2 act, error or omission that occurred within the scope of the commis-
3 sion's employment, duties or responsibilities, or that the person
4 against whom the claim is made had a reasonable basis for believing
5 occurred within the scope of the commission's employment, duties or

45 persons to submit written data, facts, opinions and arguments, which
46 shall be made available to the public.

47 3. Public hearings on rules. a. The commission shall grant an opportu-
48 nity for a public hearing before it adopts a rule or amendment.

49 b. The commission shall publish the place, time and date of the sched-
50 uled public hearing.

51 i. Hearings shall be conducted in a manner providing each person who
52 wishes to comment a fair and reasonable opportunity to comment orally or
53 in writing. All hearings will be recorded, and a copy will be made
54 available upon request.

1 ii. Nothing in this section shall be construed as requiring a separate
2 hearing on each rule. Rules may be grouped for the convenience of the
3 commission at hearings required by this section.

4 c. If no one appears at the public hearing, the commission may proceed
5 with promulgation of the proposed rule.

6 d. Following the scheduled hearing date, or by the close of business
7 on the scheduled hearing date if the hearing was not held, the commis-
8 sion shall consider all written and oral comments received.

9 4. Voting on rules. The commission shall, by majority vote of all
10 administrators, take final action on the proposed rule and shall deter-
11 mine the effective date of the rule, if any, based on the rulemaking
12 record and the full text of the rule.

13 5. Emergency rules. Upon determination that an emergency exists, the
14 commission may consider and adopt an emergency rule without prior
15 notice, opportunity for comment or hearing, provided that the usual
16 rulemaking procedures provided in this compact and in this section shall
17 be retroactively applied to the rule as soon as reasonably possible, in
18 no event later than ninety days after the effective date of the rule.
19 For the purposes of this provision, an emergency rule is one that must
20 be adopted immediately in order to:

21 a. Meet an imminent threat to public health, safety or welfare;

22 b. Prevent a loss of the commission or party state funds; or

23 c. Meet a deadline for the promulgation of an administrative rule that
24 is required by federal law or rule.

25 6. Revisions. The commission may direct revisions to a previously
26 adopted rule or amendment for purposes of correcting typographical
27 errors, errors in format, errors in consistency or grammatical errors.
28 Public notice of any revisions shall be posted on the website of the
29 commission. The revision shall be subject to challenge by any person for
30 a period of thirty days after posting. The revision may be challenged
31 only on grounds that the revision results in a material change to a
32 rule. A challenge shall be made in writing, and delivered to the
33 commission, prior to the end of the notice period. If no challenge is
34 made, the revision will take effect without further action. If the
35 revision is challenged, the revision may not take effect without the
36 approval of the commission.

37 § 8909. Oversight, dispute resolution and enforcement. 1. Oversight.

38 a. Each party state shall enforce this compact and take all actions
39 necessary and appropriate to effectuate this compact's purposes and
40 intent.

41 b. The commission shall be entitled to receive service of process in
42 any proceeding that may affect the powers, responsibilities or actions
43 of the commission, and shall have standing to intervene in such a
44 proceeding for all purposes. Failure to provide service of process in
45 such proceeding to the commission shall render a judgment or order void
46 as to the commission, this compact or promulgated rules.

47 2. Default, technical assistance and termination. a. If the commission
48 determines that a party state has defaulted in the performance of its
49 obligations or responsibilities under this compact or the promulgated
50 rules, the commission shall:

51 i. Provide written notice to the defaulting state and other party
52 states of the nature of the default, the proposed means of curing the
53 default or any other action to be taken by the commission; and

54 ii. Provide remedial training and specific technical assistance
55 regarding the default.

1 b. If a state in default fails to cure the default, the defaulting
2 state's membership in this compact may be terminated upon an affirmative
3 vote of a majority of the administrators, and all rights, privileges and
4 benefits conferred by this compact may be terminated on the effective
5 date of termination. A cure of the default does not relieve the offend-
6 ing state of obligations or liabilities incurred during the period of
7 default.

8 c. Termination of membership in this compact shall be imposed only
9 after all other means of securing compliance have been exhausted. Notice
10 of intent to suspend or terminate shall be given by the commission to
11 the governor of the defaulting state and to the executive officer of the
12 defaulting state's licensing board and each of the party states.

13 d. A state whose membership in this compact has been terminated is
14 responsible for all assessments, obligations and liabilities incurred
15 through the effective date of termination, including obligations that
16 extend beyond the effective date of termination.

17 e. The commission shall not bear any costs related to a state that is
18 found to be in default or whose membership in this compact has been
19 terminated unless agreed upon in writing between the commission and the
20 defaulting state.

21 f. The defaulting state may appeal the action of the commission by
22 petitioning the U.S. District Court for the District of Columbia or the
23 federal district in which the commission has its principal offices. The
24 prevailing party shall be awarded all costs of such litigation, includ-
25 ing reasonable attorneys' fees.

26 3. Dispute resolution. a. Upon request by a party state, the commis-
27 sion shall attempt to resolve disputes related to the compact that arise
28 among party states and between party and non-party states.

29 b. The commission shall promulgate a rule providing for both mediation
30 and binding dispute resolution for disputes, as appropriate.

31 c. In the event the commission cannot resolve disputes among party
32 states arising under this compact:

33 i. The party states may submit the issues in dispute to an arbitration
34 panel, which will be comprised of individuals appointed by the compact
35 administrator in each of the affected party states, and an individual
36 mutually agreed upon by the compact administrators of all the party
37 states involved in the dispute.

38 ii. The decision of a majority of the arbitrators shall be final and
39 binding.

40 4. Enforcement. a. The commission, in the reasonable exercise of its
41 discretion, shall enforce the provisions and rules of this compact.

42 b. By majority vote, the commission may initiate legal action in the
43 U.S. District Court for the District of Columbia or the federal
44 district in which the commission has its principal offices against a
45 party state that is in default to enforce compliance with the provisions
46 of this compact and its promulgated rules and bylaws. The relief sought
47 may include both injunctive relief and damages. In the event judicial
48 enforcement is necessary, the prevailing party shall be awarded all
49 costs of such litigation, including reasonable attorneys' fees.

50 c. The remedies herein shall not be the exclusive remedies of the
51 commission. The commission may pursue any other remedies available under
52 federal or state law.

53 § 8910. Effective date, withdrawal and amendment. 1. Effective date.
54 a. This compact shall become effective and binding on the earlier of
55 the date of legislative enactment of this compact into law by no less
56 than twenty-six states or the effective date of the chapter of the laws

1 of two thousand twenty-five that enacted this compact. Thereafter, the
2 compact shall become effective and binding as to any other compacting
3 state upon enactment of the compact into law by that state. All party
4 states to this compact, that also were parties to the prior nurse licen-
5 sure compact, superseded by this compact, (herein referred to as "prior
6 compact"), shall be deemed to have withdrawn from said prior compact
7 within six months after the effective date of this compact.

8 b. Each party state to this compact shall continue to recognize a
9 nurse's multistate licensure privilege to practice in that party state
10 issued under the prior compact until such party state has withdrawn from
11 the prior compact.

12 2. Withdrawal. a. Any party state may withdraw from this compact by
13 enacting a statute repealing the same. A party state's withdrawal shall
14 not take effect until six months after enactment of the repealing stat-
15 ute.

16 b. A party state's withdrawal or termination shall not affect the
17 continuing requirement of the withdrawing or terminated state's licens-
18 ing board to report adverse actions and significant investigations
19 occurring prior to the effective date of such withdrawal or termination.

20 c. Nothing contained in this compact shall be construed to invalidate
21 or prevent any nurse licensure agreement or other cooperative arrange-
22 ment between a party state and a non-party state that is made in accord-
23 ance with the other provisions of this compact.

24 3. Amendment. a. This compact may be amended by the party states. No
25 amendment to this compact shall become effective and binding upon the
26 party states unless and until it is enacted into the laws of all party
27 states.

28 b. Representatives of non-party states to this compact shall be
29 invited to participate in the activities of the commission, on a nonvot-
30 ing basis, prior to the adoption of this compact by all states.

31 § 8911. Construction and severability. 1. Construction and severabil-
32 ity. This compact shall be liberally construed so as to effectuate the
33 purposes thereof. The provisions of this compact shall be severable, and
34 if any phrase, clause, sentence or provision of this compact is declared
35 to be contrary to the constitution of any party state or of the United
36 States, or if the applicability thereof to any government, agency,
37 person or circumstance is held to be invalid, the validity of the
38 remainder of this compact and the applicability thereof to any govern-
39 ment, agency, person or circumstance shall not be affected thereby. If
40 this compact shall be held to be contrary to the constitution of any
41 party state, this compact shall remain in full force and effect as to
42 the remaining party states and in full force and effect as to the party
43 state affected as to all severable matters.

44 § 2. This act shall take effect immediately and shall be deemed to
45 have been in full force and effect on and after April 1, 2025.

46 PART X

47 Section 1. Section 6605-b of the education law, as added by chapter
48 437 of the laws of 2001 and subdivision 1 as amended by chapter 198 of
49 the laws of 2022, is amended to read as follows:

50 § 6605-b. Dental hygiene restricted local infiltration and block
51 anesthesia/nitrous oxide analgesia certificate. 1. A dental hygienist
52 shall not administer or monitor nitrous oxide analgesia or local infil-
53 tration or block anesthesia in the practice of dental hygiene without a
54 dental hygiene restricted local infiltration and block

1 anesthesia/nitrous oxide analgesia certificate and except under the
2 personal supervision of a dentist and in accordance with regulations
3 promulgated by the commissioner. Personal supervision, for purposes of
4 this section, means that the supervising dentist remains in the dental
5 office where the local infiltration or block anesthesia or nitrous oxide
6 analgesia services are being performed, personally authorizes and
7 prescribes the use of local infiltration or block anesthesia or nitrous
8 oxide analgesia for the patient and, before dismissal of the patient,
9 personally examines the condition of the patient after the use of local
10 infiltration or block anesthesia or nitrous oxide analgesia is
11 completed. It is professional misconduct for a dentist to fail to
12 provide the supervision required by this section, and any dentist found
13 guilty of such misconduct under the procedures prescribed in section
14 sixty-five hundred ten of this title shall be subject to the penalties
15 prescribed in section sixty-five hundred eleven of this title.

16 2. The commissioner shall promulgate regulations establishing stand-
17 ards and procedures for the issuance of such certificate. Such standards
18 shall require completion of an educational program and/or course of
19 training or experience sufficient to ensure that a dental hygienist is
20 specifically trained in the administration and monitoring of nitrous
21 oxide analgesia and local infiltration or block anesthesia, the possible
22 effects of such use, and in the recognition of and response to possible
23 emergency situations.

24 3. The fee for a dental hygiene restricted local infiltration and
25 block anesthesia/nitrous oxide analgesia certificate shall be twenty-
26 five dollars and shall be paid on a triennial basis upon renewal of such
27 certificate. A certificate may be suspended or revoked in the same
28 manner as a license to practice dental hygiene.

29 § 2. Subdivision 1 of section 6606 of the education law, as amended by
30 chapter 239 of the laws of 2013, is amended to read as follows:

31 1. The practice of the profession of dental hygiene is defined as the
32 performance of dental services which shall include removing calcareous
33 deposits, accretions and stains from the exposed surfaces of the teeth
34 which begin at the epithelial attachment and applying topical agents
35 indicated for a complete dental prophylaxis, removing cement, placing or
36 removing rubber dam, removing sutures, placing matrix band, providing
37 patient education, applying topical medication, placing pre-fit ortho-
38 dontic bands, using light-cure composite material, taking cephalometric
39 radiographs, taking two-dimensional and three-dimensional photography of
40 dentition, adjusting removable appliances including nightguards, bleach-
41 ing trays, retainers and dentures, placing and exposing diagnostic
42 dental X-ray films, performing topical fluoride applications and topical
43 anesthetic applications, polishing teeth, taking medical history, chart-
44 ing caries, taking impressions for study casts, placing and removing
45 temporary restorations, administering and monitoring nitrous oxide
46 analgesia and administering and monitoring local infiltration and block
47 anesthesia, subject to certification in accordance with section sixty-
48 six hundred five-b of this article, and any other function in the defi-
49 nition of the practice of dentistry as may be delegated by a licensed
50 dentist in accordance with regulations promulgated by the commissioner.
51 The practice of dental hygiene may be conducted in the office of any
52 licensed dentist or in any appropriately equipped school or public
53 institution but must be done either under the supervision of a licensed
54 dentist or, in the case of a registered dental hygienist working for a
55 hospital as defined in article twenty-eight of the public health law[7]
56 or pursuant to a collaborative arrangement with a licensed and regis-

tered dentist [~~who has a formal relationship with the same hospital~~]
pursuant to section sixty-six hundred seven-a of this article and in
accordance with regulations promulgated by the department in consulta-
tion with the department of health. [~~Such collaborative arrangement
shall not obviate or supersede any law or regulation which requires
identified services to be performed under the personal supervision of a
dentist. When dental hygiene services are provided pursuant to a colla-
borative agreement, such dental hygienist shall instruct individuals to
visit a licensed dentist for comprehensive examination or treatment.~~]

§ 3. The education law is amended by adding a new section 6607-a to
read as follows:

§ 6607-a. Practice of collaborative practice dental hygiene and use of
title "registered dental hygienist, collaborative practice" (RDH-CP). 1.
The practice of the profession of dental hygiene, as defined under this
article, may be performed in collaboration with a licensed dentist
provided such services are performed in accordance with a written prac-
tice agreement and written practice protocols to be known as a collabo-
rative practice agreement. Under a collaborative practice agreement,
dental hygienists may perform all services which are designated in regu-
lation without prior evaluation of a dentist or medical professional and
may be performed without supervision in a collaborative practice
setting.

2. (a) The collaborative practice agreement shall include consider-
ation for medically compromised patients, specific medical conditions,
and age-and procedure-specific practice protocols, including, but not
limited to recommended intervals for the performance of dental hygiene
services and a periodicity in which an examination by a dentist should
occur.

(b) The collaborative agreement shall be:

(i) signed and maintained by the dentist, the dental hygienist, and
the facility, program, or organization;

(ii) reviewed annually by the collaborating dentist and dental hygien-
ist; and

(iii) made available to the department and other interested parties
upon request.

(c) Only one agreement between a collaborating dentist and registered
dental hygienist, collaborative practice (RDH-CP) may be in force at a
time.

3. Before performing any services authorized under this section, a
dental hygienist shall provide the patient with a written statement
advising the patient that the dental hygiene services provided are not a
substitute for a dental examination by a licensed dentist and instruct-
ing individuals to visit a licensed dentist for comprehensive examina-
tion or treatment. If the dental hygienist makes any referrals to the
patient for further dental procedures, the dental hygienist must fill
out a referral form and provide a copy of the form to the collaborating
dentist.

4. The collaborative practice dental hygienist may enter into a
contractual arrangement with any New York state licensed and registered
dentist, health care facility, program, and/or non-profit organization
to perform dental hygiene services in the following settings: dental
offices; long-term care facilities/skilled nursing facilities; public or
private schools; public health agencies/federally qualified health
centers; correctional facilities; public institutions/mental health
facilities; drug treatment facilities; and domestic violence shelters.

1 5. A collaborating dentist shall have collaborative agreements with no
2 more than six collaborative practice dental hygienists. The department
3 may grant exceptions to these limitations for public health settings on
4 a case-by-case basis.

5 6. A dental hygienist must make application to the department to prac-
6 tice as a registered dental hygienist, collaborative practice (RDH-CP)
7 and pay a fee set by the department. As a condition of collaborative
8 practice, the dental hygienist shall have been engaged in practice for
9 at least three years with a minimum of four thousand five hundred prac-
10 tice hours and shall complete an eight hour continuing education program
11 that includes instruction in medical emergency procedures, review of
12 clinical recommendations and standards for providing preventive services
13 (for example sealants and fluoride varnish) in public health settings,
14 risk management, dental hygiene jurisprudence and professional ethics.

15 § 4. This act shall take effect on the one hundred eightieth day after
16 it shall have become a law.

17 PART Y

18 Section 1. Section 2803 of the public health law is amended by adding
19 a new subdivision 15 to read as follows:

20 15. Subject to the availability of federal financial participation and
21 notwithstanding any provision of this article, or any rule or regulation
22 to the contrary, the commissioner may allow general hospitals to provide
23 off-site acute care medical services, that are:

24 (a) not home care services as defined in subdivision one of section
25 thirty-six hundred two of this chapter or the professional services
26 enumerated in subdivision two of section thirty-six hundred two of this
27 chapter; provided, however, that nothing shall preclude a hospital from
28 offering hospital services as defined in subdivision four of section
29 twenty-eight hundred one of this article;

30 (b) provided by a medical professional, including a physician, regis-
31 tered nurse, nurse practitioner, or physician assistant, to a patient
32 with a preexisting clinical relationship with the general hospital, or
33 with the health care professional providing the service;

34 (c) provided to a patient for whom a medical professional has deter-
35 mined is appropriate to receive acute medical services at their resi-
36 dence; and

37 (d) consistent with all applicable federal, state, and local laws, the
38 general hospital has appropriate discharge planning in place to coordi-
39 nate discharge to a home care agency where medically necessary and
40 consented to by the patient after the patient's acute care episode ends.

41 (e) Nothing in this subdivision shall preclude off-site services from
42 being provided in accordance with subdivision eleven of this section and
43 department regulations.

44 (f) The department is authorized to establish medical assistance
45 program rates to effectuate this subdivision. For the purposes of the
46 department determining the applicable rates pursuant to such authority,
47 any general hospital approved pursuant to this subdivision shall report
48 to the department, in the form and format required by the department,
49 its annual operating costs and statistics, specifically for such off-
50 site acute services. Failure to timely submit such cost data to the
51 department may result in revocation of authority to participate in a
52 program under this section due to the inability to establish appropriate
53 reimbursement rates.

1 § 2. This act shall take effect immediately and shall be deemed to
2 have been in full force and effect on and after April 1, 2025.
